An Old Established Firm with NEW IDEAS

New Transcontinental Line Installed for Harvey Firm

A new transcontinental direct voice communication system has been put into operation by Harvey Aluminum. The special service was engineered by the Bell System for the eclusive use of the company.

Developed to expedite the handling of orders and technical data, the new high speed service permits direct voice communications between the general offices of the company and its regional factory branches.

"Direct lines are a time-saving improvement enabling Harvey Aluminum to accelerate its program of better, faster service to customers," said a Bell System official. "The service will simplify company communications, making its possible for sales and engineering forces to call in their order immediately to the home office for processing."

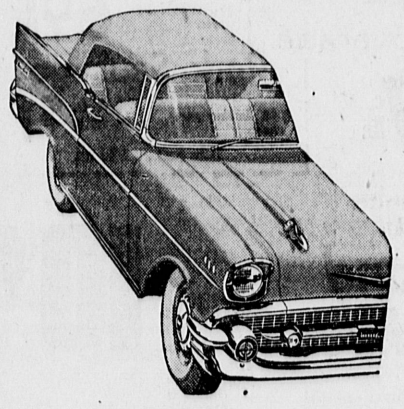
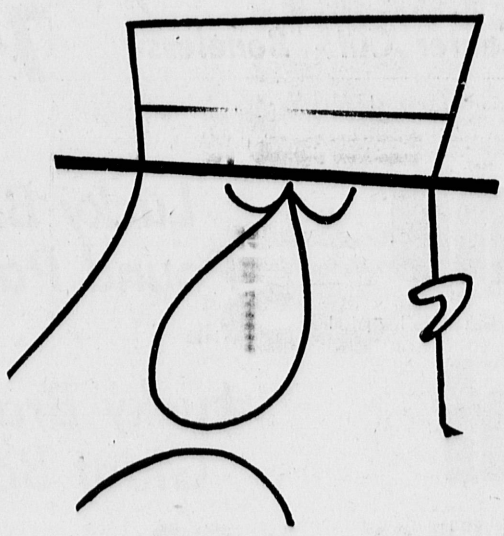
SUPPOSE...





. . . a car salesman walked into your establishment and offered you a "good buy" on

HALF A CAR

RIDICULOUS, ISN'T IT? YOU WOULDN'T BUY ANYTHING AT ANY PRICE THAT WOULDN'T DO THE JOB FOR YOU OR YOUR BUSINESS.

This example typifies the reason more and more businesses in the Torrance area are turning to the TORRANCE HERALD to tell their "sales stories" to the residents of the area.
