

SATELLITE MANEUVERS . . . A maneuvered satellite moves into positien for coupling to a space station in artist's conception of operations outlined by a team of scientists of Northrop Corporation's Norair Division. The Norair-conceived satellite rendezvous method, which would be accurate despite guidance errors, is an example of how Northrup is utilizing its space age capabilities.

## **Medical World Discovering New** Miracle Drug—It's the Aspirin

cers vie with each other to sell aspirin with some special twist—aspirin that disolves in water before you can say "aspirin," aspirin that is buffered against stomach irritation, aspirin that is "more effective" than the competitor's.

It is the principal active ingredient in a number of propietary formulas widely promoted for relief or headache, muscular aches, and pains.

muscular aches, and pains.

ACTUALLY, aspirin is very low in toxicity, The most common bad effect is a little stomach irritation in some people just after they have taken a pill. This can be effectively prevented by buffering the aspirin, with a pinch of baking soda. Some persons develop allergic rashes with aspirin, and very rarely more serious effects are noted.

### AiResearch Wins Honors For Safety

An "Award of Honor," the An Award of Honor," the highest recognition of industrial safety, has been presented to The Garrett Corp. AiResearch Manufacturing Division of Los Angeles by the National Safety Council.

AiResearch earned this high

AiResearch earned this high award for completing 3,140,-817 consecutive man-hours of work without a disabling in-

receiving the award was Harold L. Hemphill, AiResearch safety administrator, who pointed out a company must reach the three million mark to qualify for the award. mark to qualify for the award. This is the fourth time AiResearch has earned this award.

search has earned this award.
According to Hemphill, AiResearch has long maintained an active safety program. Safety committees conduct monthly inspections of all facilities to insure safe working conditions for AiResearch employees. In for AiResearch employees. In addition, protective clothing, shoes and glasses are issued to

all employees who need them. Hemphill credited the safe Hemphill credited the safe ty consciousness of every AiResearch employee for the receipt of the Award of Honor.

Aspirin is one of the oldest and most useful standbys in medicine, yet it is often underestimated and misused.

Chemically it is acetylsalicylic acid, a compound which is easy to manufacture at small cost. It goes by a multitude of trade names and drug producers vie with each other to sell aspirin with some special twist

ASPIRIN ALSO has a temperature-reducing effect, when fever is present. Ingestion of aspirin with a fever is usually followd by a certain amount of increased perspiration as the temperature drops.

In addition to these effects which are so useful in a wide variety of infections and other illnesses, aspirin has a specific beneficial effect on rheumatic diseases and is still the best thing we show for rheumatic fever.

THERE IS MUCH confusion THERE IS MUCH confusion about dosage. Most adults will be relieved of mild to moderate discomfort with 10 grains, whic his two standard adult tablets. Increase of this dose may bring slightly added relief if 10 grains is not effective, but the limit is reached very soon where additional aspirin does no further good.
