# **Mobile Home Dwellers Increasing** At Freeway Speed, Analysist Says

a major expansion in the many ber, size and special facilities of the trailer parks where mobile home dwellers like to settle down for a spell. One trade source estimates there are now source estimates there are now 12-inch pies or 60 15-inch pies or 60 15-inc 12-inch pies or 60 15-inch pies or 10 15-000 trailer parks in operation, double the decade-ago total. Among the "frills" offered: swimming pools, barbecue areas, volleyball courts, bowling flows, and now sides for in a attachment for clipping an attachment for clipping ed: swimming pools, barbecue areas, volleyball courts, bowling alleys, and pony rides for the youngsters. the youngsters.

IN VIEW OF THE rising popularity of these "outdoor living" features, one might expect to find a concentration of super trailer parks in states where the climate is mild most of the year. To a large extent this is true; many of the most "gee-whiz" parks are in California and Florida. But there are hundreds in other states where mountain scenery, historical lore and such are added attractions.

In one Massachusetts city in the shadow of New England's wooded Berkshire Hills there's a park with a man-made lake, not for swimming but to dissert in the key chain or mirror case.

BOWLING BOOM — A recent estimate puts the number of bowlers in the U.S. at more than 27 million. The same source figures they spend close to \$500 million annually when equipment, shoes and the like into the game virtually all members of the family, contrasting with the time when it was a "men-only" pastime akin to pool. Consequently, today's bowling centers are gaining extra sales from retailing products ranging from soft drinks to cosmetics.

Where heating and other household functions are concerned, the factor of economy of operation favors gas today more than ever, particularly in areas where lower rates are earned through multiple use of the fuel. If the electric drive brings out more appliance buy. brings out more appliance buyers, GAMA believes the gas equipment people will benefit because, they say, more people will get around to comparing the virtues of the two heat sources.

VACATIONING Car-Style?tion of Americans are taking

tion of Americans are taking vacation trips by car this year —even more than did last year, according to a nationwide survey conducted by Renault, Inc., U.S. Subsidiary of the world's sixth-largest car maker.

These vacationing motorists will drive more miles and spend more money than they did in 1959, and the largest single expense item in the vacation budget is transportation, the survey showed, Findings were compiled from returns received from a sampling of car ceived from a sampling of car owners in 48 states (Hawaii and Alaska excepted).

SLIGHTLY MORE than 80 per cent of the persons said they are taking vacation trips this year; this compares with just under 73 per cent who made trips in 1959. Nearly 88 per cent of the vacationers are going by car, and will travel an average of 1,725 miles. Last year 82 per cent went by car

Got An Oil Well

In Your Yard?

Probably not, but there may be gold there! Particularly if you have an R-2, R-3 or oversize R-1 lot, with building space available in back, front or entirety.

Why not start mining that gold with income-producing homes or apartments that represent perpetual cash return—a college education for your children, current prosperity and eventual retirement insurance for yourself, and a permanent buffer against business depressions, loss of employment or the increasing costs of illness.

Let the home-hungry, apartment-seeking renters of Los Angeles' boom-ing population build a cash reserve for you, plus that perpetual cash in-come. This can be yours with a BET-TER-BILT home or apartment. Con-struction costs approximately \$5.00 per square foot! 100% financing available!

Want to start digging that gold?
