# Garden Checklist

- 1. Feed Tuberous Begonias if you would have them stay healthy and bloom through next month.
- 2. Start fall clean-up by uprooting faded annuals and raking any leaves that have fallen early.
- 3. Plant berried shrubs for fall color. Pyracantha and Cotoneaster are two of the best for spectacular
- 4. Perennials are available in nurseries now for bloom next spring. The earlier you plant them, the bet-ter they will be established for an early start next
- 5. This is an ideal month to plant native trees and shrubs. Winter rains will establish them and no further attention need be given them.
