

Eyewitness at Geneva Summit Conference to Speak at Dinner

Dr. John Furbay, Ph. D., education director of TWA who was present at Geneva, Switzerland, at the conference at the Summit and also at the International Education Seminar, as well as the world seminar last summer, will bring members of the Executives' Dinner Club of the Torrance Area a first-hand report of what may come out of these conferences, when club members meet Saturday evening, Dec. 3, at 6:30 p.m. at the Plush Horse restaurant, said President R. S. Pyle today.

One of America's widest traveled speakers — he goes some quarter of a million miles annually — and certainly one of its best educated men with degrees from at least three institutions of higher learning, including Yale which granted him a Doctor of Philosophy, Dr. Furbay makes as many as 40 speeches a month.

ON A RECENT tour last summer he made 66 addresses

in 22 countries, a record probably unmatched by any speaker anywhere. An education director for TWA in 26 countries he is a frequent visitor to many foreign lands, and has a wide knowledge of conditions around the globe.

His intense activities in aviation, earned for him the "Man of the Year in Aviation for 1955" award, a recognition culminated by receipt of the "Oscar" from President Eisenhower at a big dinner in Washington on the anniversary of the Wright Brothers historic flight.

Furbay is in demand by TV producers. He was consultant for the Disney picture on Aviation and its effect upon the modern world.

Marymount College girls have formed a "Whale Watching Society" to observe the migration of California Grey Whales to southern waters. They are easily viewed from the campus heights overlooking the ocean.

Oil Workers, Refineries Enter Second Month of Negotiations

Negotiations between South Bay Local 1-547, Oil, Chemical and Atomic Workers International Union and two of the major oil refineries in the South Bay area, Standard Oil of Calif. and Mobil Oil, Inc., have entered into the second month. The issue is a seven dollar and twenty cent a week general wage increase, R. T. Baurmann, secretary of the local announced today.

Local negotiations are a part of a national campaign by the union for a wage increase. The \$7.20 a week goal was established by a committee of 10 rank and file members of the union from throughout the nation and has been ratified by secret ballot vote of the members of more than three-fourths of the local groups involved throughout the country.

THE UNION bases its request for this wage adjustment on increases in cost of living and increases in the productivity of workers.

Since the last wage increase for oil workers, the cost of living has gone up two per cent as measured by the

Bureau of Labor Statistics. An increase of about 6 cents an hour would be necessary to offset this.

The Union is asking for an additional 12 cents per hour as the workers' share in the increased productivity of wage earners. Output per man hour of labor has gone up at a yearly rate of about 3 1/2 per cent in the U.S. economy as a whole and at the yearly rate of about 4 1/2 per cent in the oil industry.

BECAUSE WE are turning out more product each hour we work, with far fewer employees than two years ago, the Union believes its members are entitled to an increase," Baurmann said.

Baurmann said he did not see how there could be any doubt about either Standard or Mobil's ability to pay the increase since the latest financial reports for both. Companies show profits have substantially increased since the last wage increase was granted almost two years ago.

CONTRACT termination is about Jan. 8, 1961, for both companies.

While Standard Oil of Indiana has made a 5 per cent general wage increase offer for a two year contract, no offer has been made here on the West Coast by Standard Oil of California. Baurmann said 5 per cent amounts to only five dollars a week on an average, but if such an offer was made on this coast, bargaining would assume a more realistic nature.

9th Anniversary Sale Continues with Big Thanksgiving Buys

So Come Get Your Share—The Values Are Simply Terrific And We Give Blue Chip Stamps Too!

So Our Employees May Spend The Day With Their Families ALL FOOD GIANT MARKETS will be CLOSED ALL DAY THANKSGIVING, NOV. 24th.

Six From YMCA To Meet With Yosemite Group

"Who is Setting My Standards?" is the theme of the annual high school YMCA conference to be held in Yosemite National Park on Thanksgiving weekend, where 450 students from Hawaii, California, Nevada, Arizona, and New Mexico will gather to discuss the teenagers' place in today's society and why the problems and concerns they have, are related to the world today.

Dr. Charles Noble, Dean, Hendricks' Chapel, Syracuse University, will be the Conference Speaker. Dr. Noble is well known in National YMCA programs and was so well received at last year's Conference that he was asked to return.

Six Hi-Y and Tri-Hi-Y members from the Torrance Area YMCA will attend as Delegates and represent the Clubs from Torrance, South, and Narbonne High Schools. They are: Tom Pettepiece, Fred Griffin, Eddie Ferrante, Diane Shore, Cleone Rector and Carol Wait. Mrs. Alpha Renz, Girls' Work Director, and Doug Cannon, Program Secretary will also accompany the Delegation.
