A POLICEMAN'S LETTER TO SANTA Dear Santa

I realize that I'm asking for an awful lot this year; perhaps more than even you can give, but since this is not a selfish request, I'm sure you'll do your best to

As we once again celebrate the birth of The Prince of Peace, bring to every driver the spirit of brother-hood to make him considerate and thoughtful of his fellow motorists, now and in the new year just ahead.

Fill his Christmas stocking with great driving skill, good judgment and patience. Leave him a bright candle of understanding to help him see the other fellow's needs, as well as his own, behind the wheel; and to light his way safely over the highways in the darkness of the night.

Give every pedestrian a candy cane of caution that he may walk with care and always reach his destination without accident or injury.

And if you hang a wreath on someone's door, Santa, please make it a bright and shiny one representing the new life and the new beginning in Christmas, not the dark and somber wreath of death which has hung on the homes of so many traffic victims at Christmas time in years gone by.
In closing, Santa, I'd like to ask you to be especially

careful yourself this year; so many drivers just don't realize they could kill Santa Claus.

With best wishes for your safety, Your Traffic Officer
