Family Seeking Dog That Bit Teenager on Finger

A teenager who came to the rescue of a dog trapped in an automatic door at an area supermarket received three fang marks in her finger for her troubles here Sunday, her father told the HERALD yesterday.

Judy Chandler, daughter of James B. Chandler of 1110 Cranbrook Ave., was shopping at the Magic Chef on the Del Amo Center Sunday before noon when she spotted the dog caught in one of the automatic doors leading into the store.

Chandler had spread out over the huge center to search for the animal.

Judy has received tetanus inoculations, but faces the

painful series of pasteur treatments unless the dog is located. Anyone having information about the dog can call the family at FA 8-5537.

Bridge Over 213th Ready Next April

Construction of the 213th Street Bridge across the Dominguez Channel is proceeding on schedule, Supervisor Burton W. Chace said yesterday in a progress report.

Fabrication of the girders to be used in construction has been completed, he said, and barring any unforeseen complications the bridge should be completed by April, 1961, as scheduled.

The project consists of erecting the bridge and also reconstructing the portion of Dominguez Channel within the immediate vicinity of the bridge.

"By coordinating channel improvements with new highway facilities results in considerable savings to the taxpayer," Chace said.

Construction was begun in August by the John L. Meek Construction Co. Inc., at a contract bid of \$140,030.12.

Urging that motorists use alternate routes, Chace said that because of the nature of the project it has not been possible to provide an adjacent detour for through traffic along 213th Street.
