## Your PROBLEMS Ann Landers "You're So Biased

Against Men . . . "

Dear Ann Landers: I'm sure my wife wrote that letter com-plaining because she ran out plaining because she ran out of gas three times last month —once on the bridge.

Why didn't you tell her that women who share the family car should also share in the responsibility for keeping it going? Most dames don't know anything about a car except how to start it, steer it and stop it. They never pay atten-tion to the tires, the oil, water, or gas So long as the four or gas. So long as the four wheels move they are satisfied. Any female who is so dumb that she would drive around and ignore the gas gauge de-serves to be stuck. Why didn't you tell the wife off like you do the husbands when they be-have like fools? You're so biased against men in your column you make me sick.— BOW TIE

Dear Bow Tie: You have an excellent point—and I agree I let the dizzy dame off too easy but please read the next letter. It may improve your health.

Dear Ann Landers: Why don't you ever give us wives a break? One more piece of advice against us and I'm going to stop taking the paper.
