### Garden Checklist

- 1. Sharp shears are the greatest asset in pruning trees and shrubs. Make sure yours have a fine edge before you start. It really pays to buy a good pair in the beginning.
- 2. In pruning roses, a rule to remember is that if you are not sure of what you are doing, don't do it! You can't glue branches back on the plant! Consult your nurseryman or let him recommend one of the many good illustrated books available.
- 3. Shopping for Camellias in bloom is a pleasant winter occupation. A different variety will begin showing color every week or two from now into spring.
- 4. Winter feeding will often do surprising things to a bedraggled lawn.
- 5. Continue bare-root planting-roses, fruit trees, flowering trees and shrubs, shade trees.

DOWNTOWN TORRANCE

TAKING SHAPE . . . Additions to the city hall begin to take shape this week as workmen raised the heavy, two-story concrete slabs that form the outer walls. This view, taken from the courtyard behind the present city hall, shows addition being raised adjacent to the engineering and public works sections of the building (Herald Photo)

tion in egg production. The industry is being honored . . . January is Egg Month. Enjoy the Golden Goodness of California Eggs Every Day of Every Month.

There will be "specials" this week; large AA grade eggs for less than 50c. Serve eggs. Stretch your budget.

OTHER PROTEIN FOODS

We still have poultry. Cali-fornians consumed a lot of chicken and turkey during the holidays, but there is enough in market to show up with low price tags. Many "specials". BEEF, PORK and LAMB are in ample supply with many mar-kets calling attention to good buys in lamb. Many families use lamb as the change-of-pace

Use abundant, colorful cranberries with lamb roast. The flavor contrast is perfect.
