### Search For Henry VIII

The girls at Marymount College in Palos Verdes Estates are searching for a man of royal stature, but in this case it's not some handsome swain to escort them to a social function.

They need an actor to play the role of Henry VIII in their early - March production of "Royal Gambit," an impressionistic drama of the fabled monarch of England.

Director Virginia Barnelle, who has secured the West Coast premiere rights for the off-Broadway hit, says the actor needs only talent, not girth, since much of the play takes place before Henry began to resemble a walking barrel.

Auditions for the role, the only male character in the drama who is surrounded by a bevy of lovely ladies, can be arranged by calling the director on the college campus.
