

FILL SOURCE . . . Skip-loader is shown filling dump truck at excavation south of Pacific Coast Hwy. at Crenshaw Blvd. This is one of five areas where dirt for San Diego Freeway is being obtained. Truck will join chain of others and head north while next vehicle gets load. (Herald Photo)

SPEED DEMON . . . Earth-mover makes a fast turn as it scoops and spreads fill dirt hauled in by trucks. Picture was made on San Diego Freeway construction looking west from Normandie and north of 190th St. (Herald Photo)

FREEWAYS PROGRESS . . . Concrete forms have been erected for over-heads at interchange of San Diego and Harbor freeways. Fill dirt will be compacted to build up roadbeds. Cleared path of San Diego Freeway is seen at left of photo. (Herald Photo)

Garrett Editor Accepts Two First Place Awards

The Aireporter, employee publication of The Garrett Corp., has been awarded two first place honors in a contest conducted by the Southern California Industrial Editors Assn. Receiving the awards was Ralph J. Wortmann, editor.

The first award was presented by John McCoy, director of the University of Southern California School of Journalism. The award was made for "maintaining high journalistic standards." The second was for "graphic excellence" based on layout, typography and printing. Presenting this honor was the Printing Week Council of Greater Los Angeles.

Approximately 100 industrial publications from throughout Southern California entered the annual contest.

The Aireporter is published monthly in three editions and is distributed to employees,

stockholders, newspapers, and customers of The Garrett Corp.

With an estimated readership of more than 50,000 it has in nearly 15 years of existence received much recognition, including two awards naming it the best publication of its kind in the United States and Canada. In the past four years it has received the Printing Week Council award three times.

Its content includes news and feature articles on group and individual accomplishments of The Garrett Corp's 10,000 employees. Also covered are new products, industrial relations policies and news affecting the aerospace industry.

The Garrett Corp., through its eight divisions and two subsidiaries, is a leading company in the design, development, and manufacture of components and systems for the aerospace industry.

At KC Affair

Mr. and Mrs. Kenneth Cunningham and son, Daniel, 1923 Reynosa Dr., attended the Fourth Degree Knights of Columbus Memorial Mass and Brunch in Inglewood recently.

Last Saturday evening, the Cunninghams were dinner guests at the home of Mr. and Mrs. Dick Martina in Santa Anita Oaks.

Two Local Seniors Qualify for Semifinals in Scholarship Plan

Five high school seniors from the Torrance - Los Nietos areas have been named semi-finalists in the Armo Steel Community Scholarship Plan.

Like a similar group last year, they will compete for a \$2800 scholarship in engineering or science offered by the Armo Foundation. The local scholarship was set up following the merger of National Supply with Armo.

The semi-finalists are: Brian Beck, son of Mr. and Mrs. Roland A. Beck, 918 E. Franklin, Whittier, who attends Whittier High School; Larry Jessee, son of Mr. and Mrs. Jerry P. Jessee, 8602 S. Songfest, Pico Riviera, of El Rancho High School; Jay Lippman, son of Mr. and Mrs. Leo Lippman, 3813 W. 184th Place, North High School; Alan

Sherry, son of Mr. and Mrs. Forbes A. Sherry, 154 Via Los Altos, South High School; and Philip Watson, son of Mrs. Anna W. Slavich, 12012 Cyclops, Norwalk, Santa Fe Springs High School.

OTTO C. LEDFORD JR., son of Mr. and Mrs. Otto C. Ledford Sr., 5210 Calle de Arboles, won the local scholarship last year. He is attending Rice Institute.

A total of 21 college scholarships is granted annually under the Armo Scholarship Plan. To be eligible, students must be either high school seniors in communities where Armo or National Supply plants are located, or sons or daughters of Armo or National Supply employees. They also must be in the upper third of

their class scholastically, and plan to study chemistry, physics, or engineering.

THE WINNERS in each community will be announced in May. Selection is based on: (1) ranking in the College Entrance Examination Board Tests, (2) academic and extracurricular record, (3) recommendations of school faculty members, and (4) results of personal interviews. When other factors appear equal, the element of financial need will be considered.

Twenty of the scholarships are worth \$850 annually for four years at the college or university of the winner's choice. The 21st award, known as the George M. Verity Memorial Scholarship, is given to the highest ranking son or

daughter of an employee from the entire national group of semi-finalists. The Verity scholarship has a value of \$1000 during the first year and \$750 for each of the three remaining years.

IF A WINNER selects a privately-sponsored college, the Armo Foundation will give the institution \$500 annually while the scholarship is in force.

Communities participating in the Scholarship Plan, in addition to the Los Nietos and Torrance areas, are Ashland, Ky.; Baltimore, Md.; Kansas City, Mo.; Hamilton, Middletown, Piqua, and Zanesville, Ohio; Sand Springs and Tulsa, Okla.; Ambridge and Butler, Pa.; Gainesville and Houston, Tex.; Madison, Montcoal, Seth and Van, W. Va.

Spartan Spotlight South High Installs Officers

By SHARON BERGSTROM

The new student body officers of South High were honored by an installation tea held recently in the school cafeteria. Present at the installation were the new and old officers in the freshman, sophomore, junior and senior classes; Girls and Boys League, and those serving on student council.

The principal, John A. Lucas, administered the oath of office to the new officers.

After the preliminaries, South High's foreign exchange student, Brenda Memoli, spoke about student government in her school in Uruguay.
