## Polynesian Plans Second Bachelor Tour to Tahiti

A 17-day bachelor tour to Tahiti is being presented by The Polynesian restaurant in Torrance on July 7.

Departing via Pan American jet for Honolulu, from where the party will fly to Papeete via South Pacific Airlines, the tour will be personally conducted by Pete Reitz, the owner-manager of the tropical restaurant, making his fourth

trip to Tahiti, has completed arrangements for the most memorable trip for those joining the group.

The Polynesian's second annual tour will be in Tahiti during the annual "Bastille Celebration," the year's gayest Seas holiday, and the itinerary also includes visits to Moorea and Bora Bora.

Varied and exciting events are scheduled each day on these paradise islands, lands of seductive charm that stir the imagination of every traveler.

Flight space is limited and reservations should be made early as possible at The Polynesian, where tour folders are available, to assure travel and all other island accommodations.

## Five Marymount Seniors Chosen For Scholarship

Five seniors of Marymount High School last week were declared semi-finalists by the California State Scholarship Commission in Sacramento.

The five include Juanita Watson, Torrance; Arlene Merino, Palos Verdes Estates; Joan Gagnon, Manhattan Beach; Nancy Page, Rolling Hills; and Joanne Teubert, Long Beach.

In making the announcement, Arthur S. Marmaduke, Executive Director, State Scholarship Commission, explained that award winners will be chosen from the semifinals following an assessment of financial need.

The five Marymount students have qualified scholastically for scholarships as a result of their scorings in the tests of the College Entrance Examination Board taken this past winter. Only the financial need assessment and an evaluation of individual school transcripts stand between them and the winning of scholarship awards.

Marmaduke added that his Commission stressed the point that these five Marymount seniors achieved a marked level of success on the competitive examinations and are commended for their demonstrations of academic ability.

## Harbor Freeway Center Barriers Due in Summer

Plans for the installation of badly-needed center strip protective barriers on the Harbor Freeway between the interchange and 124th street will not be advertised for bids until May and it will probably be July before the work actually starts, Supervisor Kenneth Hahn was advised this week by E. T. Telford, Assistant State Highway Engineer.

Supervisor Hahn expressed regrets over the delay in getting the protective barriers installed and stated that he would urge that the project be expedited. He noted that the State Highway Department last week opened bids for landscaping of the Harbor Freeway between 124th St. and 190th.

"This landscaping will not save any lives, but the barriers will prevent these horrible, deadly head-on collisions," Supervisor Hahn declared. Yet the protective barriers have not been installed on the rest of the Harbor Freeway.

He added that the protective barriers installed between 124th and 190th on the Harbor Freeway had prevented a number of cars from crossing over the center dividing strip and crashing head-on into other cars.
