

# Eight-Week Speech Class Planned Here

The Southbay Toastmasters Club 280 will conduct an intensive eight-week "speechcraft" course starting April 12 for men interested in improving their speaking abilities.

The course will be conducted during regular weekly Toastmaster meetings, announced Thomas Eadie, Hollywood Riviera, Educational vice president. Speech-specialists from District Headquarters will cover individual phases of good speaking practices.

The course will include "Introduction to Public Speaking," "Gathering Speech Material," "Be a Confident Speaker," "Planning and Building a Speech," "Evaluate and Listen," "Developing Posture and Gestures," "Add Life to Your Voice," and finally "Techniques for Presiding Officers."

Eadie emphasized that enrollees need not be members of the Toastmasters organization and, if they so desire, may attend only that portion of the meeting devoted to "speechcraft," starting at 8 p.m. A nominal fee will be charged for training materials and for those desiring dinner.

Southbay Toastmasters meet at 6:45 p.m. Wednesdays at the Redondo Beach Elks Club.

# New Chairman Selected by District GOP

A Wilmington businessman, Claude H. Montgomery, has been named chairman of the 68th Assembly District Republican Central Committee.

The election was announced today by Charles Soderstrom, chairman of the 17th Congressional District GOP Committee.

Montgomery, owner of Montgomery's Cleaners (1365 Avon Ave., Wilmington), has long been active in Wilmington civic affairs. He formerly was secretary of the Jaycees, president of the Toastmasters and chairman of the YMCA Board of Managers, in addition to having been president of the Optimist Club and lieutenant governor of Optimist International District 14.

A native of Canada, he moved to Torrance in 1923 and on to Wilmington nine years later. An active member and director of the Wilmington Chamber of Commerce, Montgomery became active in Republican politics several years ago. He resides at 1245 Broad, Wilmington.

1960's estimated 122 billion, 920 million pounds of milk produced in America is 1 per cent above the 1959 figure. From 1959 to 1960, milk production per cow increased 3 per cent, offsetting a 2 per cent decline in milk cow numbers.
