

REHEARSAL TIME . . . Students at the Evelyn Carr Elementary School who will participate in Friday night's north area music festival rehearse here under the baton of Milton Marcus, one of five directors for the program.

SAXON BAND . . . Among the musicians to appear in concert tomorrow night at the North High School gymnasium is the Saxon Band of North High under the direction of Robert Jones. They will join musicians from 10 North Torrance Elementary schools in the 8 p.m. concert as part of the annual North area elementary music festival.

Lilac Show April 9-10

Palmdale's famous Lilac Festival, the largest attraction of its kind in the United States, will be held this year on Saturday and Sunday, April 9 and 10.

The dates have just been announced by Dr. F. H. Bourne, general chairman.

More than 30,000 visitors attended the show from all parts of Southern California last year and preparations are being made for an attendance of at least that many this year.

The show will be held in Yucca School, on the west side of Palmdale. Road markers along the highways will direct out-of-town visitors to it.

No admission is charged and each lady visitor will receive a lilac bloom as a present.

Palmdale is in Antelope Valley, on the edge of the desert north of Los Angeles. Every road leading to it, whether from Southern California or the north is a scenic drive, and all are especially beautiful at this season of the year.

220 School Musicians Scheduled For Concert at North High Gym

Some 220 musicians from 10 Torrance elementary schools will appear in the annual north area elementary music festival on Friday in the North High School gymnasium at 8 p.m.

The North High Band, directed by Robert Jones, will appear along with students from Hamilton, Yukon, Edison, Lincoln, Casimir, Carr, Perry, Crenshaw, Arlington, and Magruder Schools. Directors will be Neil Short, James Davidson, Milton Marcus, and Adrian Pasowicz.

A mass orchestra and mass band will play several numbers each, along with the NHS Saxon band. All will join for the "Star Sprangled Banner" and a Bach number. A trumpet trio—Bobby Williams, Gary Duncan, and Less Wilbanks, Arlington—will play, as will a clarinet soloist, Bob Wiseman, Crenshaw, and a string ensemble, from Casimir, Carr, and Lincoln Schools.

BEST BUYS FOR THE WEEK

In Torrance Markets

PROTEIN FOODS

All red meats are in ample supply and "specials" will vary from market to market. You'll soon be thinking of summer menus . . . so do your best with favorite winter recipes for soups, stews, roasts, pot roasts, and loaves.

And speaking of loaves, have you ever used ground lamb? It is delicious in loaves and makes fine hamburgers. Some markets combine a little beef with ground lamb, or you can do it yourself. Before cooking hamburgers try brushing the patties with garlic flavored French dressing. Good!

Chickens are plentiful. "Specials" on fryers and stewing hens. For an occasion try cooking chicken breasts this way:

Remove the skin from chicken breasts and place in casserole. Dot generously with butter. Bake at 400°F. for about 30 minutes, to brown. Season with salt, pepper, paprika, and pour on a little white table wine. Cover casserole and continue baking about 30 minutes longer, or until chicken is tender.

Dairy Products are wonderfully nutritious and so easy to use in quick lunches. Here's a salad for children:

Stir raisins into cottage cheese. Place scoop servings on lettuce cups, and top the cheese with grated carrots. Colorful!

ON THE PRODUCE STANDS

Avocados continue as the "budget" fruit. They are an any-time-of-the-day food . . . so good at any meal and for snacks.

Apples. Not many "bargains" but most of the crop is coming out of storage in good quality. Keep apples in the refrigerator; they keep much better.

Grapefruit . . . sweet, juicy, full of Vitamin C.

Strawberries. About another week should bring on an abundance of berries.

Rhubarb for a tart, tempting dessert. If it isn't as pink as you'd like just add a little red food coloring after cooking.

Asparagus growers report one of the finest crops in history. We can all expect to have our fill of this delicacy . . . prices should level off a bit.

Cabbage, Carrots, Cauliflower, Celery, Lettuce, Romanne are the abundant vegetables. Artichokes and Mushrooms are more plentiful at the moment.

Use the vegetables to liven up meals.
