

El Camino Golfers To Meet Valley JC

El Camino's golfers are walking down "win street" once again after a brief detour down "defeat lane" last week, when the six-man squad was knocked out of a stout bid for first place by Bakersfield, 40 to 14.

The Warriors were nestled in second-place Friday before going against the front-running Renegades. The EC contingent either got lost in the rough or couldn't find the holes in suffering their second worst

Metropolitan defeat of the season.

The squad will have its next chance to ascend in Metro standings tomorrow, when El Camino plays LA Valley.

Coach Al Greenleaf's squad rebounded after its humiliating loss to the Renegades to demolish Harbor 52 to 2, two days later.

In a 52-3 win over Harbor all six ECC golfers overwhelmed their opponents. Larry Martz came up with the best round of the season, a 69, on the Harbor course. Martz posted a 34 and 35 to beat his opponent by 15 strokes. Other marks turned in by ECC were Rick Hull, 74; Mike Stern, 77; Jack Hollis, 72; Garth Reynolds, 76; and Steve Cromwell, 83.

Hoop Champs Win Trophies

Approximately 180 people gathered at Alondra Park's Gym last Friday night for the annual presentation of the basketball awards. The season was extremely successful with a close race for the championship in every division.

In the Pee Wee division first place was captured by the Fox-Redondo team, coached by Jim Matthews, with a 6-0 record. The members of the team are Bill Berlich, Kirk Smyth, Phil Smyth, Arthur Saenz, Mike Matthews, Danny Kling, Richard Thompson, and Chip Bolding.

In a hotly contested race the Alondra Park team, coached by Hal Thompson, took the Junior division. The team is composed of Jack Heason, Ray Sanders, Al Lindseth, Don Reynolds, Gary Miller, Don Camerons, Jim Martens, and Roy Martin.

Registration On Saturday for Alondra Park

Official sign-up day for Alondra Park's Baseball Leagues will be Saturday. Three leagues are being formed: Pee Wee (for 8-10-year olds); Midget, for 11-12 year olds; and Junior, for 13-14 year olds.

All boys interested should sign up at the registration table at the diamond on the corner of Manhattan Beach Blvd. and Prairie Ave. at 10 a.m.

Newcomer Favored in Bike Race

Off to a record-breaking start, the 1960 motorcycle season swings into its second week tomorrow night at Ascot Stadium.

First post is at 8:30 with qualifying spins getting underway at 7.

The opening show drew a record first-night crowd of 6,500, indicating the popularity of the fast-moving two-wheeled racing sport in the Southland. Coming on the heels of a top season last year, cycle racing appears to be a peak of interest.

A NEWCOMER to the Southland — Bart Markel, from Flint, Michigan — figures as one of the riders to whip in the 20-lap main event. Markel made an auspicious debut last Friday that was reminiscent of the sensational spurge of Sammy (The Flying Flea) Tanner last year.

Young Bart finally tried too hard and fell off. But he indicated he could become a star of the year.

MARKEL WILL duel with the opening winner, Al Gunter, Tanner, Bob SirKegian, Don Hawley, Jack O'Brien, Joe Leonard, Dick Dorresteyn, Johnny Gibson and Troy Lee. Elliott Schultz, making his first professional start, swept the novice portion of the card and showed great promise.

City Basketball Boxscores

The Torrance Rees and the South Bay Church of God were crowned champions of the adult recreation department's Amble Basketball Leagues this week after winding up their respective seasons with 9 and 1 records.

Results and boxscores of games played this week:

Thursday League

A Report of Progress at PPG

During 1959, over 34,500 employees of the Pittsburgh Plate Glass Company made and sold for the Company

\$606,947,000

worth of

Paint, Glass, Chemical and Fiber Glass Products

This \$606,947,000 in sales plus revenue of \$6,220,000 from investments and other nonoperating sources brings total revenue to \$613,167,000 for PPG in 1959. Following is a breakdown of how this revenue was used in conducting PPG's business.

45.4%

34.2%

7.8%

5.5%

3.6%

3.5%

\$47,877,000 or 7.8% for Taxes (other than Social Security Taxes). PPG's tax bill of \$47,877,000 (other than Social Security Taxes) was over double the amount paid as cash dividends to shareholders. Part of this tax money was used for local schools, roads and other public services.

\$33,952,000 or 5.5% for Depreciation of Plant and Equipment. As with an automobile or a home, plants and equipment depreciate and wear away. The Company has to provide funds out of its income to pay for the replacement of these production facilities to maintain efficient operations.

\$22,283,000 or 3.6% Invested in the Assets of the Business. In order to move ahead and provide jobs and income, the Company must have funds to build and expand plant facilities and research laboratories, develop new machinery and equipment, and provide working capital to keep itself ahead of competition.

\$21,813,000 or 3.5% for Dividends Paid to Shareholders. PPG is owned by 20,800 shareholders who have their money invested in the Company. On each share of stock outstanding, the Company in 1959 paid a cash dividend of \$2.20 for use of the shareholder's money.

\$277,546,000 or 45.4% for Materials and Services Purchased from Others. The largest single cost of doing business was the purchase of raw materials, services and supplies. These were bought from thousands of different suppliers. A large part of the \$277,546,000 was paid to independent businesses such as truck lines, local utility companies, etc.

\$209,696,000 or 34.2% for Wages, Salaries and Employee Benefits. This represents the second largest expenditure by PPG. During 1959, PPG employees actually received a grand total of \$216,719,000 for wages, salaries and employee benefits. Of this, \$209,696,000 was the amount paid for goods and services sold in 1959. In addition, approximately \$7,000,000 in employment costs was paid to turn out products required to restore inventories to normal levels. Of the total \$216,719,000 paid to employees, \$184,507,000 was for wages and salaries and \$32,212,000 was for benefits. On the average, PPG paid a total of \$932.00 in benefits for every employee. These benefits included retirement funds, hospitalization, vacations, etc.

How Much Has the Company Invested in Each Job?

During 1959 PPG had invested an average of

\$16,100

for every job. In the past year \$42,532,000 was spent for expansion, replacement and modernization of facilities. Research and development spending—vital for progress—amounted to \$17,000,000 in addition to capital expenditures.
