"What do you think of the 'cultural exchange' program now in force between Russia and the United States?"

Thoughts

Giving their opinions were: Mrs. Leon F. Ancestry, 5505 Vanderhill Rd.,

dio operator Western Airlines: "They send us some real talent and culand in arison I ture comparison

am ashamed of the type of things we have sent over there to represent us. If they judge us by that, they must think we are a bunch of embeciles. I have seen most of their ballets and some of their movies and it makes ours seen pitiful. I really think there are a lot of people who do enjoy the seri-ous more cultural aspects of the arts and there would be the arts, and there would be even more if they had a chance to hear and see it instead of being fed a constant diet of this off beat stuff."

Mrs. S. C. Covington, 231 E. 227th Street, housewife:

"I think its a fine idea to exchange cul-tures but I think we would do bet-ter if we sent

exchange stu-dents over there. Children seem to be nasent our best.'

Jimmy Rudnick, 1635 Maple Ave., 8th grade student, Nativ-

ity School: "I think it's good because good because it gives us a chance to see what their show business is like. Their

ballets are so much better than ours but may be they like our 'light' enter-tainment for a change . . . you know sort of a switch. I don't think it's a very good example of our culture, though."

HOSPITAL STARTED... Leading area backers for new facilities at Harbor General Hospital turn the first shovel of earth here to start the long awaited project, the multi-million dollar facility. From the left are A. L. Thomas, hospital superintendent; Council-men George Vico and Nick Drale of Torrance; Carl Hoffman, president of the Harbor Area Chambers of Commerce; Supervisor Burton W. Chace of the 4th District; and Sam Levy, pioneer Torrance businessman and general chairman of the bond election campaign which provided funds for the project. (Herald Photo)

Construction Begun On Harbor Hospital

there. Children seem to be na-tural ambassadors and if they have been raised right they would have a high resistance to the teaching of communistic shovel full of dirt at the site chance to see any of their work but from the critics' no-tices, they are very good. Of course, it is generally known that Russia is the master of the ballet. The things we send over there definitely could be better. I don't think we have sent our best."

OF AMPUTEE'S CASE

As a result of stories appear-ing in the Torrance HERALD recently depicting the plight of Kelley, his wife G r e t h a, and

Wielding identical gold shov-els, Supervisor Burton Chace and Kenneth Hahn joined with clinic. breaking ground for the multi-started on the acute unit, with the big machines clearing the site. Construction of the acutal

Signed by the Harbor General Hospital Architects, an asso-ciation of Los Angeles archi-tects Welton Becket, Adrian Wilson, Paul R. Williams, and Francis J. Heusel. It consists of a gight-story acute unit which

BOTH UNITS will be finan-ced by a \$12,400,000 bond issue passed by the voters of Los Angeles County in 1956. The hospital will cost \$11,584,950, more than \$2,500,000 less than (Continued on Page 5) bankruptcy as a construction corporation and as an individ-ual.

Mayor Wants Report

Herald

A probe into the procedure whereby a former city council-man could extend a water main man could extend a water main without depositing the neces-sary funds with the city was ordered by Mayor Albert Isen Tuesday night. Isen demanded a confidential report from the city manager after Councilman George Vico asked about the city's policy on such matters, and then said "there was a fellow here on

"there was a fellow here on the council who did it."

CITY OFFICIALS later told the HERALD that former Councilman Robert Jahn had deposited only part of a legal-ly required \$4000 fee for ex-tension of a water main in south Torrance to supply a project he was building. "We asked for a confidential report on this to see if any of

the city ordinances were viola-ted," Isen told the HERALD. "IF THERE have been viola-

tions, the responsibility must be fixed, and the council will have to deal with it according-

A started on the acute unit, with the big machines clearing the site. Construction of the acutal y structures is slated to get under way within four to six weeks. Completion of both the acute and clinic units is set for October, 1962. The new hospital was de-signed by the Harbor General Hospital Architects, an asso-clation of Los Angeles archi-tects. Welton Backet Addian for the expenses of installing the extension.

NORMALLY, it was explain-ed, the builder or developer beds, a two story laboratory unit with complete lab facility facility and assume their share patient clinic designed to han-rle 9000 patients per month. It will replace temporary buildings on the site which have been in use since World War II.
