

Vickers Torrance Names New Application Engineer

The Aero Division of Vickers Inc., division of Sperry Rand Corp., has announced the appointment of Rallie P. Rallis to application engineer. The appointment was made at the Torrance facility by A. L. Stone, Western Region sales manager, and D. J. O'Rourke, Los Angeles District sales manager.

Rallis joined Vickers Inc. in August 1959 as a coordinating engineer in the sales department after spending two years in the U. S. Navy, where he

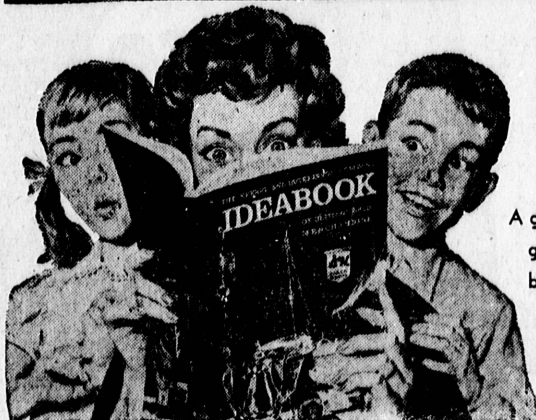

was a Lt. jg., administering Navy contracts for construction of aircraft test cells, sound suppression equipment, wind tunnels, environmental facilities, and other aircraft facilities.

Rallis holds bachelor of science degrees in both mechanical and aeronautical engineering from the University of Southern California, has completed a year of graduate studies in aeronautical engineering at Southern Methodist Uni-

Garden Checklist

1. Stake dahlias, chrysanthemums, carnations and delphiniums to insure against their toppling from top-heaviness.
2. Faded rose blossoms should be removed as soon as they've lost their beauty. Don't let the bushes waste energy producing seed pods.
3. Plant asters, zinnias, dwarf dahlias, marigolds, petunias and other bedding plants from nursery flats.
4. Plan cushion Chrysanthemums in a sunny spot for summerlong bloom.
5. Feed roses after the first flush of bloom. Check them for new sign of aphid or other pests.

Top Traditions Of U.S. Theme Of Flower Show

A refreshing holiday atmosphere will pervade the flower show portion of the 1961 Los Angeles Home Show when it opens at the Sports Arena May 25 for an 11-day run.

A theme of "America and the Traditions We Love" will be carried out in flowers to fill half of the concourse floor area of the Arena.

Millions of flowers many of them rare and exotic blossoms, will be imported from all parts of the world for use in the 25 to 30 scenes which are planned to depict such important and traditional events as the World Series, Fourth of July, Valentine's Day, Christmas, Halloween and Thanksgiving.

Many of these colorful "Holiday" scenes will be animated. In addition, the floral transformation of the concourse area will include several exhibits, many of them rare species.

Coordinating and directing the flower show will be Cedric Nelson of Cedric's Flowers.

Two Ryan Veeps Named to New Company Posts

Appointment of G. W. Rutherford as vice president-operations of the Ryan Aeronautical Co. was announced today by Robert C. Jackson, executive vice president. Rutherford has been with Ryan since 1951 in various executive capacities, most recently as vice president and division manager of Ryan Electronics.

At the same time H. L. Fontaine, an 11-year veteran with Ryan, was named vice president-manufacturing, reporting to Rutherford. For the past year Fontaine has been assigned as vice president-operations of Ryan's electronics manufacturing plant at Torrance.

The new appointments are being made to effect a consolidation of operating functions of various groups in the Ryan organization, according to Jackson.

The engineering and sales organizations of Ryan Aerospace at the San Diego main plant and Ryan Electronics at Kearny Mesa now report to Rutherford.
