

"Wish I knew if it's going to rain next week... I'd like to go on my vacation!"

PRESENTATION... Lt. Col. Alexander A. Oppelt, commander of the Southern California Air Force Recruiting Service, presents Tom C. Rupert, owner of the Space Age Travel Agency, with a certificate of appreciation for the agency's continued aid to the Air Force Recruiting Service. The agency provided space for displays and brought both the X-15 and Thor Missile to Torrance early last year. (Herald Photo)

Dance Band Gets Bid for Famous Party

The Esquires, a Torrance area teen-age dance band, has finally received recognition. This group, only together two years but already famous in many high-school circles, will play for the Knights of Columbus dance to be held at the Hollywood Turf club on Sept. 15. This dance is one of the larger dances to be presented each year and many famous people will attend.

The Esquires rehearse at least once a week at 2406 W. 171st St. and can be reached at FA 1-5493. The teenagers who make up the band are all from the Torrance area and attend the three Torrance high schools.

The band's future appearances will be at Marymount High, North, South, and Torrance high, the Statter Hilton and a second dance at the Hollywood Turf club. The band plays for many after-game dances and informal as well as formal dances and proms.

Playgrounds, Parks in City Now Closed

Nineteen school playgrounds operated by the Torrance Recreation Dept. during the summer vacation period ended their programs last Thursday. The three high school programs and area parks were also closed.

Several parks will be open for supervised play during this week. They include McMaster park, La Romeria park, Darien and El Retiro park. These parks will be open from 9 a.m. to 5 p.m. Sept. 4 through 8. Paradise and Walteria parks will be open from 1 to 8 p.m.

No recreation leaders will be at the parks during the week of Sept. 10 to 16.

Space Age Agency Gets Certificate

Lieutenant Colonel Alexander L. Oppelt, Commander of the Southern California Air Force Recruiting Service, presented a certificate of appreciation to Tom C. Rupert, owner of the Space Age Travel Agency, 21170 Hawthorne Blvd., this week. The certificate commended Rupert and his agency for their work in aid and promoting Air Force recruiting in the area.

During the past year Rupert has been instrumental in providing the Torrance area in cooperation with the Air Force Recruiting Service with displays of the X-15 and the THOR missile. He has often provided space for various Air Force Recruiting displays.

In making the presentation, Col. Oppelt said, "It is through such noteworthy assistance that the successful accomplishment of the Air Force recruiting mission will continue to be realized. On behalf of members of my command, I extend to you my grateful thanks and appreciation."

State Senator Richards Guest At 'Salo-Salo'

State Senator Richard Richards (D-Los Angeles) will be the featured speaker at a Salo-Salo — Philippine for Luau — sponsored by the Filipino American Voters League this afternoon. The meet gets under way at 2 p.m.

The Tropical Terrace of the Harbor Area Filipino Community Center, 323 Marvista Ave., Wilmington, will be the scene of the event. Authentic color and food will be featured.

Community Sorenadors will provide entertainment during the authentic fiesta and luncheon. Barbecued spareribs and baked chicken highlight the menu. Adults will be asked to make at \$3.50 donation, while under 12 will be admitted for \$1.

September No Month to Rest for Southern California Gardeners

In many another state of the union, September arrives on a note of change. Garden activity begins to slack off and the end of the garden year is definitely at hand. Not so in California. California's September marks a change of sorts, but not a slackening of the garden pace. On the contrary, our summer siesta ends and we prepare to go to work.

Sometime this month, the first indication of coming fall will fill the air, but don't be misled. The chances that fall's

early days will bring any rain are almost nil. We get occasional drizzles, but none, usually that permit the gardener to get off without watering. Guard against the tendency to anticipate rains and continue watering as you have done all summer.

ON THE PLANTING scene, September ushers in a season of springlike activity. It is the best time for planting a new lawn; the time to plant perennials for spring and summer

bloom; an excellent time to plant evergreens of all sorts; the month to plant annuals for winter color and bulbs such as ixias, freesias, sparaxis, ranunculus and anemones, which like to go in the ground early. In planting for winter and spring, the California Assn. of Nurserymen cautions us not to overlook the immediate future. The long wait for fall's big chrysanthemum show is near its end and attention should be given to insure that the show will be a good one. If you

failed to plant mums earlier, plant them now. They're available in containers in full bloom at your nursery.

AN EARLY September feeding of roses will help to keep bloom going into late fall. Water, of course, is essential to the bargain.

The soilwise gardener will start in late September to improve his soil. Manure and bonemeal—two slow, long-acting fertilizers—can be applied for winter rains to work in.

34 New Cases Of TB Listed

A total of 34 new tuberculosis cases were reported in Los Angeles county during the week ending Aug. 19, bringing to 1514 the number of new TB cases reported in the county thus far in 1961, Leland A.

Soil conditioners can be utilized to keep the soil loose and open. All in all, you might say that September is more a beginning than an end. Whatever it is, it's surely no month to sit back.

Phillips, president of the Tuberculosis and Health Assn. of Los Angeles county, reported today.

The Christmas Seal assn. president said that, although new TB cases this year have passed the 1500 mark, this figure represents a decrease of 108 in the newly reported TB cases over the same period last year. A total of 1622 new TB cases were reported in Los Angeles county for the same period in 1960, Phillips said.

OPEN ALL DAY TOMORROW—LABOR DAY SUMMER Sav-on sale of sportswear

Blue Bell Clothes for All the Family

These clothes are the same as advertised in Life. Styled by the finest sportswear designers with fabrics from America's finest mills. All carry the Guarantee Seal by Good Housekeeping and are unconditionally guaranteed for one full year.
