

Hughes Paint to Open Torrance 'Paint Supermarket' Thursday

Gala festivities and low prices will be a part of the grand opening ceremonies Thursday at the new Hughes "Homeowners' Paint Supermarket" where residents of Torrance and other Southwest communities will be able to fill all of their home needs.

This ninth Hughes store, the seventh to open this year, will be located just south of the Del Amo Shopping Center on Hawthorne at 230th. It will feature a complete automotive, builder's supply, plumbing, electrical, and housewares departments in addition to the famous line of Hughes paints.

THE HUGHES brothers, Louis and Ralph, have conceived and coordinated the company's entire expansion program. The company was founded in 1919 and until last year had two stores serving Los Angeles and the San Gabriel Valley.

In the past year, six new stores have opened in the Southland and, as of next Thursday, the seventh will swing into operation in Torrance bringing the total num-

ber of stores to nine. A 10th store is scheduled to open Nov. 1 in La Habra.

HUGHES FLOCK, sold all over the nation for flocking trees, is an already large and growing division of the Hughes company. Hughes flock has

RALPH HUGHES
Opening New Store

been used by movie and television studios to produce snow scenes in many movies. This year the Hughes brothers expect the flock sales to surpass all previous records.

The "most up-to-date Do-It-Yourself Paint Store" will be managed by Jim Foley, a resident of the Torrance area for more than 14 years. Al Escobar, also a South Bay resident, will be the new store's assistant manager.

Adventists' Contribution Aid 'Forgotten Americans'

A special offering was taken at Torrance Seventh-day Adventist Church, 1610 Acacia Ave., Saturday, to aid the "forgotten Americans."

These people, Pastor Glenn Goffar explained, are the Navajo Indians living on a vast reservation stretching over Arizona, New Mexico, and southern Utah.

Many of these people live on starvation and undernourished diets which leads to lightning-swift attacks of disease. Many Navajo youngsters do not have the opportunity to attend school at an underprivileged condition throughout life.

"AMERICA IS remembering

the underprivileged waifs of the Laotian jungle and the African veldt but in many cases it is forgetting the Indian on our own doorstep from whom our land originally came," Pastor Goffar noted.

"This special offering," the minister explained, "will help maintain and extend two facilities operated by Seventh-day Adventists in the northern and southern areas of the Navajo reservation."

A mission and hospital is maintained at Monument Valley, Utah, in the north and a mission school at Holbrook, Ariz., in the south of the reservation, Pastor Goffar said.

Funds received from the Saturday offering will help in the operation and expansion of these two major facilities which aid thousands of Navajos annually.

PASTOR GOFFAR said more than 18,000 Navajos were treated at the church's mission clinic at Monument Valley and at an outpost at Mexican Hat, Utah, in 1960. On May 4, 1961, a \$250,000 15-bed ultra-modern hospital was opened by the Adventist Church at Monument Valley to meet a critical need for hospital beds in a great, 100-mile circle of the northern part of the Navajo reservation.

"Our congregation hopes to make the Navajo a 'remembered American' through the special offering received Saturday morning at 11 o'clock at the church worship service," Pastor Goffar said.

Themistocles said that the Athenians did not honor him or admire him, but made, as it were, a tree of him. They sheltered themselves under him in bad weather, and as soon as it was fine, plucked his leaves and cut his branches.

Doty Realty Opens Office

Doty Realty has opened an office at 2104 Pacific Coast Hwy. in Lomita.

The new business features six salesmen who have a total of 30 years of realty experience. Norris W. Doty has 15 years in the realty business.

Doty said all of his salesmen have been working in the Torrance, Harbor City and Lomita areas for many years. The businessman said his firm has pictures of nearly all property it lists for sale.

Office hours of the new firm are 9 a.m. to 7 p.m. seven days a week.

Edison Co. Adapts Vehicles in Cooperative Smog Control Try

Southern California Edison Co. became the first industrial firm to proceed with installation of anti-smog devices on its fleet of cars and trucks, in response to an appeal by S. Smith Griswold, Los Angeles County Air Pollution Control Officer on behalf of the County Board of Supervisors.

G. L. Blanchard, Edison district manager, announced that the utility would begin immediately to install the device recommended by the County Board of Supervisors to control crankcase emissions on the first 100 of its 2,600 cars and trucks.

"We have been running our own tests on the device insofar as maintenance is concerned," Blanchard stated, "and we have found its performance entirely satisfactory."

SUPERVISOR Warren M. Dorn, chairman of the air pollution control committee of the board, commended Edison for voluntarily installing the crankcase control system recommended by the Board of Supervisors. Dorn expressed the hope that other large fleet

operators will follow Edison's example.

Before placing its stamp of approval on the "blowby" control, the APCD installed them on 94 cars and drove them a total of more than one and a half million miles, Griswold reported.

NEW CARS offered for sale throughout California already are being equipped with anti-smog devices, Griswold stated. "The blowby device is not the complete answer to automobile smog — since we still have to lick the problem of exhaust emissions — but control of crankcase fumes is certainly an important step in the right direction," Griswold declared.

BLOWBY emissions are, for the most part, hydrocarbons from unburned gasoline which blow by the piston rings and are vented into the atmosphere.

It is estimated that 150 to 180 tons of smog-forming hydrocarbons escape into the air in Los Angeles county each day from this source, Griswold stated.

Fall Classes Scheduled At Arts, Crafts Center

The Torrance Recreation Department Arts and Crafts Center announces the opening of fall classes the first week of October.

According to Center director Ericka Muhl, the Children's Craft classes are scheduled on Saturdays beginning Oct. 7 with the 6 to 8 year olds at 9:30 to 11:30 a.m. and the 8 to 12 year olds 1 to 3:30 p.m. The \$4 fee for the 8-week session covers the cost of all the materials for a variety of mediums such as mosaics, copper enameling and paper sculpture. A special Puppet Group for 9-13 year olds will also meet Saturday mornings 9:30 to 11:30; fee for this class is \$1.50. This performing pup-

pet group will begin work on a fantasy to be presented at Christmas.

CRAFTS-Omnibus is an 8-week series of lecture-demonstrations and workshop sessions for adults and teenagers under the direction of Mrs. Muhl. Lecture-demonstrations are scheduled Thursdays 1 to 2:30 p.m. and 7:30 to 9 p.m. beginning Oct. 5.

The Arts and Crafts Center will be open for workshop sessions on Wednesdays 1 to 4 p.m. and 7 to 10 p.m. and Fridays 9:30 to 12 noon starting on Oct. 4. Staff will be present during the workshop session for guidance.

Tentative list of lecture-demonstrations include mosaics, copper enameling, rug hooking, creative stitchery, leather, paper sculpture, puppets, stained glass, and jewelry making. The enrollment fee for Craft-Omnibus is \$4 for the eight weeks.

Registrations are now being taken at the Recreation Department, 3031 Torrance Blvd., FA 8-5310, and the Arts and Crafts Center, 22730 Lupine Drive (at Sea-Aire Park). Registration will continue through the first week of classes.

Organ Concert Set Wednesday

Glen and Brenda Derringer, noted sister-and-brother duo from Philadelphia, will appear in an organ concert Wednesday at 8 p.m. in Retail Clerks Union Hall, 25949 Belle Porte, Harbor City. Free tickets are available at Niki Music Co.'s two locations, 3820 Sepulveda Blvd., Torrance, and 4760 E. Pacific Coast Hwy., Long Beach.
