

Memories, Mementoes Drawn From Four Corner of World for Affair

Treasures of travel through foreign lands will be revealed on Oct. 21 and 22, at the International Family Festival to be held at Aviation High School in Redondo.

A journey through Greece with Father Naoum Nitsiotis of Torrance will emphasize the art of the Byzantine Period and that of the Greek Orthodox Church.

Mrs. Henriette Guffet-Osgood will depict with models and maps the modes and routes of travel through France.

The Daughters of the British Isles, represented by Mrs. Herman Berquist, draws from

historic memories, from the crowning of Victoria to the present.

THESE Southwest residents participating in the exhibit section of the International Family Festival will welcome questions and conversations about their former homes.

Father Naoum Nitsiotis, who will be assisted by Mrs. Gregory Parras in the Greek booth, is the priest of St. Katherine's Greek Eastern Orthodox Church.

Father Naoum was born in Florida, Greece, and attended Rizario's Theological Academy

of Athens. He first came to America as an exchange student of National College in Toronto, Canada. His work for the church later carried him to many parts of the United States. Now, the Southwest claims his work and his heart, for he says that it is one of the loveliest and friendliest of areas.

Father Naoum was active in organizing the first International Family Festival four years ago. His assistance and encouragement was instrumental to its success according to many festival participants.

MODES OF TRAVEL, both

American and French, are of great interest to Mrs. Henriette Guffet-Osgood, chairman of the French booth and Manhattan Beach resident of 11 years. Mrs. Osgood has traveled and lived in much of the United States.

Her trips to France have been numerous. Last year she visited relatives in Paris, Bordeaux, and the Basque Country—birthplace of her maternal grandfather. Grandfather Guffet was born on Mauritius Island in the Indian Ocean. Mrs. Osgood states that he was a cousin of Victor Hugo.

THE FRENCH language has

been her profession and a great source of pleasure. She and her daughter, Mrs. Charles Cahn of Manhattan Beach, often converse in French when shopping in the Manhattan Beach markets. Quick to respond to their native tongue, many former residents of France have stopped for a brief conversation with the women and have been invited to a weekly French tea.

From this group of friends, Mrs. Osgood has organized her committee for the French booth of the festival. Mrs. Bernard Lamietti, Hollywood Riviera; Mrs. Gilbert Saint

Leon, Palos Verdes; and Mrs. Paul Kimmel, Mrs. George Crank, and Mrs. Richard Gotti of Manhattan Beach will be her assistants.

MRS. HERMAN BERQUIST, presently a resident of Torrance, has lived in the area since 1944. She was born in England.

One of her many interests is the "Daughters of the British Isles," a philanthropic society which supports the British Home in Sierra Madre and promotes good-will between the British Commonwealth and the United States.
