MY DADDY GOES TO WORK

every day so he can bring home money to pay the milkman, the gas and electric bill and my mommy. He is very smart. He knows about everything, like what's wrong with the government and what time the football game comes on television. My daddy knows so much because he reads the newspapers so much. The newspaper he reads is the Torrance Herald because he learns more from it and because he enjoys it. More daddies in Torrance read it than any other newspaper. More milkmen, government workers and mommies do, too. And no wonder, for the Herald is out front by far in circulation (it provides the only audited home delivery solid coverage of the Greater Torrance area.) You can count on more from the Herald because more goes into the Herald!
