Other students from Bishop Montgomery, and their offices, include Robert Healy, assistant city attorney; Doug Bird, police chief; Steve Shelly, assistant recreation director; Paul Abegg, license inspector; Tom Zovich, bus superintendent; and Harvey Chapman and John Appleby, members of the Recreation Commission.

Members of the Airport Commission for the day will be Skip Storms and Louis Market. Other officers include Louis Markert, airport superintendent; Kathy Reed, secretary to City Council; Carmela Steed, secretary to city treasurer; Sally Robinson, secretary to fire chief; Kathy Kneifel, secretary to water superintendent; Arlene Rodgers, secretary to street superintendent; Jim Wood, traffic engineer, and Mike O'Gara, safety training officer.

Traffic Safety Council members for the day will be Carol Regal and Nancy Cornelius. John Clark will be a member of the Library Commission; and Carol Decima and Mike Stetson will work in Civil Defense.

## ... Safety

bile Club safety consultant in Los Angeles, who was scheduled to speak at the luncheon but was unable to appear.

The local police department safety officer read Teichler's speech in which Teichler said "The majority of traffic accidents involving school age children as pedestrians occur when the safety of the children is primarily the responsibility of their parents."

WITH REGARD to to-and-from school accidents, according to Teichler's speech, many and sometimes more accidents occur to children while passengers on automobiles while being driven to or from school as occur to them as pedestrians. "Certainly from these figures there is reason to believe a child is safer walking than being driven to school by a parent."

"We read and hear of many fine safety programs for children. I feel that the bike safety program of the Torrance Safety Council along with the police department and the PTA program which they are attempting to get introduced into our school system at this time is a step in the right direction," Teichler was quoted.

"Parents setting the proper example is a vital step in educating children," Teichler added.

SAFETY COUNCIL Chairman Bob Vroman told those at the luncheon Thursday that the council will set up various programs throughout the year dealing with all phases of safety although the basic function of the council is traffic safety.

"We are going to mold the council program to the needs of Torrance. We are going to try and work on a sustaining membership basis so that we can have our own literature printed," Vroman added.

He explained the council was set up by the City Council in June of last year. "We started on a small scale and are building up momentum," he said. The council meets at 7 p.m. in the city hall on the third Monday of each month.

The Torrance School Board recently endorsed the council's safety program.

## Rookies Engage Pasadena Yanks On Local Field

While their sponsors and managers will be trying to capture the World Series, the powerful Pasadena Yankees will be in Torrance Park at 1:30 p.m. trying to notch a win over the Minnesota Vikings today.

Minnesota won its second straight game Sunday at the Alondra Park diamond, going 10 innings to take a 6 to 5 verdict from the All-American baseball nine.

Bob Calvert, fast-balling, right-hander, hurled the first five frames, giving up two runs on two hits and whiffing five batters. Jerry Smith came in to relieve Calvert and gave up three hits, one walk and three runs. With two out, his shoulder tightened up and manager Bo Palica came in to pitch the final out of the inning. He whiffed the batter with slow outside curves with a man on second base.

FRANK RIOS then came in and shut-out the All-Americans, giving up two hits and striking out nine batters.

Manager Palica's first time at bat sent the visitor's left fielder running back 350 feet from home plate to make a fantastic over the shoulder catch. It was Palica's first game since he retired from professional ball.

the City Council chambers to read their material to anyone who wanted to attend, I'm certain the Council would refuse to permit it," he said.

"We do have a litter law, and the city should be able to keep garbage off its sidewalks," he said. Isen said he would not object to newsboys hawking the papers, but he does not want the city to provide space for the stands.

His stand created a stir among Southland news media, earning him appearances on television, and notices in most Southland metropolitan newspapers.

"Even the American Civil Liberties Union is in on it," Mayor Isen told the HERALD. They have taken the side of the Socialist Labor publication, he said.

Representatives of the publication are reportedly planning to bring the matter before the City Council on Tuesday.
