

## Pastor Plans Service on Thanksgiving

The Narbonne Avenue Baptist Church of Lomita will have a Thanksgiving service on Sunday. The pastor, Robert A. Wells, will speak on the subject "A Grateful Heart."

The pastor will remind the congregation "that the grateful heart of a great people must express their gratefulness in a tangible way. Only the little soul will cry out for 'more, more' and give nothing in return. Some one recently said, 'it may well be that God is testing America with greater

gifts than he has ever bestowed upon a nation.' The real question is, are we grateful or grasping for more?"

THE ADULT CHOIR will sing the anthem, "O Give Thanks Unto the Lord." It was written by Warren Angel and is based on the 107th Psalm. The choir will be directed by Edwin T. Isbell, minister of music and education for the Lomita church.

The evening message by the pastor will be "The Pastor in

the New Testament." "This message has a two-fold purpose. It is to point to the New Testament plan of the minister in a local church. It is also to point to the ministry of the church," Mr. Wells stated.

"A practical bride would be one who selects a love seat substantial enough for her husband to take Sunday afternoon naps on." — Richard Mayer Jr., North Vernon (Ind.) Sun.

## Junior Colleges Send Many to Universities

Twenty-seven per cent of under-graduate enrollment at the seventh University of California campuses are junior college transfer students, estimates of University officials reveal.

The number of transfer students is expected to increase due to the master plan for higher education in California. This plan will divert approximately 50,000 lower division students from state colleges and universities to junior colleges by 1975.

REASONS FOR the diversion

are the high scholastic records made by junior college transfer students in state colleges and universities.

Records also show these transfer students have scholastic records fully comparable to those students who took their first collegiate work at the University.

"THIS SPEAKS well not only for the quality of the students coming to the University from the junior colleges, but of

the faculty, staff and programs of the junior colleges," commented Frank Kidner, University Dean of Educational Relations.

"The California junior colleges are an essential element

in the system of higher education in California and the University may be very confident that the students who come from the junior colleges are well prepared for upper division work."

## Debaters Meeting At BMHS

Eighty students from North High School will be attending the first speech tournament of the year for the Southern California Debate League at Bishop Montgomery High School tomorrow and Saturday. The debate tournament will have 30 Saxons entering, and 50 students from North High will be in individual categories on Saturday.

LEHR MUSHRUSH, head speech coach of North High and president of the Southern California Debate League, says, "The Saxons standing a better chance of winning awards are Rick Ashley, Rich Barracough, Stuart Goodgold, Allan Lundy, and Maxine Maline." The individual categories are dramatic, extemporaneous, humorous, impromptu, oratorical interpretation, and original oratory.

AWARDS TO BE given will include a school sweepstake trophy, and medals and certificates for individual winners. Bishop Montgomery High is host school and Fr. Leo Donowski is director of the tournament. The next tournament will be on Dec. 1 and 9 at North High with Mushrush as director.

## Students Get Merit Award

David Lippman, son of Mr. and Mrs. Leo Lippman, 3813 W. 184th Place, and Gayle Perry, daughter of Mr. and Mrs. P. H. Perry, 3814 W. 174th, two North High seniors, have been awarded Letters of Commendation from the National Merit Scholarship Corporation. These two were the only ones to receive this honor out of 385 students at North High who took the test last March. They will share honors with commended students from more than 15,000 other schools. Each student who is endorsed by his school receives a formal letter of commendation signed by his principal and the president of the National Merit Scholarship Corporation.

THIS TEST was a three-hour examination covering five separate areas of educational development.

"The Letters of Commendation provide tangible recognition of the commended students' ability," John M. Stalnaker, president of NMSC, stated.

"To increase their opportunities to obtain financial assistance if they need it, the Merit Corporation sends the names, home addresses, and the test scores of all commended students to the two colleges they indicated as their preferred choices at the time they took the qualifying test," Stalnaker added.
