

TARTAR TEEN TALK

by Frances Adams

TARTAR teen talk puh
Carol Porterfield was recently elected by THE girls as Torrance's candidate for the Daughters of the American Revolution Good Citizen Award. She will take an American History test this month in competition with students from schools throughout the United States.

Winner of the nation-wide test will be awarded a college scholarship by the organization.

Hobo Junction will be the theme of the GAA new-member initiation Monday in the girls' gym.

The new members will be taken through an obstacle

course and then treated to hot dogs, potato chips, and drinks.

The planning committee for the initiation consisted of Carol Huffine, Joyce Goree, and Sharonne Mascota.

"THE RED Shadow Across Asia" will be the theme of the aud call to be presented to the Torrance High student body on Wednesday. It will be discussed by the outstanding authority on Far Eastern affairs, Dr. No-Yong Park. Dr. Park has been widely acclaimed throughout the country as an Oriental Mark Twain for his delightful humor, gift of expression, and penetrating knowledge of Asian affairs.

He will speak of the great struggle between democracy and communism across the Pacific, the struggle which will shape the future of America and the rest of the world.

He will also speak on "What Asiatics Think of America."

ROOTER BUS tickets for the Palos Verdes game were sold for two days. They were only 25 cents to ASB cardholders and \$1 to all others. School was dismissed at 1:45 p.m. Friday and buses left at 2 p.m. There were approximately seven buses that went to the Palos Verdes game. Having so many buses shows the spirit of THS.

SAXON SIGHs

By LYNN HANSON
Saxonville has been one place of utter excitement in the past two weeks.

The announcement of the top 15 starting things off. But that was tame, compared to the tears and hugs, etc., that came with the announcement of the top five.

The five loveliest girls at North High are Queen Sandy Rayes and her four princesses, Carol Robinson, Melissa Matheny, Sue Rogers, and the only underclassman on the court, Judy Taylor, a junior.

THESE FIVE lucky girls reigned over the entire homecoming week's activities which included such things as a peanut race, a pep rally, the annual homecoming tea which is held to honor the top 15 and mothers, and, of course, the North-Redondo game and coronation ball. All in all I'm sure it's one week these girls won't forget for awhile.

THE VARSITY football team of 1961 has made every Saxon proud. They've done what some critics labeled the impossible, but like true Saxons did it anyway. They've made everyone discover that good things DO come in small packages. If the Saxons do go to CIF, I know over 2,000 kids that'll go right along with them.

As the quarter approaches, everyone looks to the somewhat disturbing thought of report cards. Well, this year

they come in a brand new package but they carry the same old news.

Students will no longer receive their grades each class period. The teachers will prepare student class cards which will be processed by a machine with a completed typed report card as the result. Oh well, maybe machines can make mistakes!

TWO MEMBERS of the North Wind staff will have the pleasure of accompanying the advisor to see and interview none other than Soupy Sales!

This will take place the day after Thanksgiving, Nov. 24. And both people chosen to go, Editor-in-chief Lynne Hanson, and Page II editor, Kathy Goldphene, are really looking forward to that day.

Army Pvt. George W. Moniz, son of Mr. and Mrs. George Moniz, 4520 DeLane St., recently was assigned to the 101st Airborne Division's 801st Maintenance Battalion at Fort Campbell, Ky.

The 101st, a major Strategic Army Corps (STRAC) unit, constantly maintains an immediate readiness for airborne deployment to any part of the world.

A mechanic in the battalion's Headquarters and Company A, Moniz entered the Army in April 1961 and completed basic training at Ft. Ord, Calif. He attended North High School.

New Traffic Signals in Area Ready

Installation of semi-actuated traffic signal lights at the intersections of Avalon Boulevard with 189th Street and 190th Street will be completed Friday.

The traffic signals will provide safety for school children of the adjacent public school, according to Supervisor Kenneth W. Chace.

In addition, these traffic signals are necessary to provide specific right-of-way assignment to these cross-streets and to provide better continuity of traffic flow on Avalon Boulevard, a county master plan highway, Chace added.

X-Ray Unit Visits HC

Mobile chest X-ray unit of the Los Angeles City Schools will be on the Harbor College campus three days next week to provide free service to LAHC students and all Board of Education employees, college health coordinator Jean McAlary announced.

The unit will operate on the following schedule: Tomorrow, and Tuesday, from 8:30 a.m. to noon, from 1 to 3:30 p.m., and from 6 to 9 p.m.

On Wednesday, Nov. 22, the unit will operate from 8:30 to noon and from 1 to 3:30 p.m. only.

Approximately 2,000 persons are expected to make use of the service whose purpose is to locate diseases of the chest, including heart disease and tuberculosis, and to educate people to the importance of an annual X-ray.

Church Slates Guest Speaker

Reuben Chavez, minister of the Church of Christ at Tijuana, will be guest speaker at the 7 p.m. services today at the Church of Christ, 3520 Emerald St.

The speaker is visiting Southland churches where he is telling of the work being done in Mexico. He is a graduate of Abilene Christian College at Abilene, Tex., and has served three years at Tijuana.
