

## Slip Slippers Under Tree For Every One in Family

Come Christmas Eve, though stockings may be hung by the chimney with care, early Christmas morning will find everyone in the family with high hopes for gifts of new leather slippers to wear for the morning's festivities.

Once "bedroom slippers" were just that — slippers for

the bedroom. Today, handsome new leather slippers in radiant colors with metallic or luster finish are all-important accessories to elegant lounge wear. Glove-soft, smooth and grained leather, and textured suedes sparkle in a wide range of reds, blues and greens to perk up a hostess gown, or set off brunch coats and fancy lounging pajamas.

Keep the family's foot comfort in mind when you play Santa this season, advises the Shoe Fashion Service of Leather Industries of America. Gift selections will be no trouble at all as every name on your Christmas list can be matched to a modestly-priced leather slipper style just for him or her.

WOMEN'S slippers range from flat, tailored versions to

pretty feminine ones in different heel heights. Many have jeweled detailing for added attractiveness.

If you have a lady in the house who looks well in those form-fitting turtleneck loungers, she'll delight in the new leg-high glove-soft leather slippers that take their inspiration from doughboy puttees, and roll on above the ankle to meet pants cuffs at mid-calf. In antique gold, silver-sheen subdued greys and boned whites, many have jeweled designs that make these pretty puttees dramatic.

TEENAGE girls understand the lady of the house in leather slippers that have the Persian look. Exotic blues and shades of red appear in smooth and grained leather slippers with upturned toes

and vamps trimmed with beads and jewels. There's even a lighter interpretation of the Persian look for very young ladies who are fashion-conscious.

IT'S NICE to have a de-

nair man around the house, and your own man can be a fashion plate in a pair of handsome smooth leather slippers that set off his Christmas smoking jacket. Soft but masculine leather slippers in natural tan, deep brown of elegant red put-at-home ease on a smart footing.

Then, too, there are many masculine-looking warm shearling lined slippers for men and boys in all leather textures. While tans, browns, and black like color mixtures such as remain favored colors, he'll brown with black cuffs. Some show texture interest, with complementing colors in brushed leather on a smooth leather slipper.
