

Gift Bonanza Found in Gold Rush of Jewelry

This Christmas, thousands of women will thank Santa for fabulous fashion finds in beautiful gold jewelry.

Never before has fine gold jewelry displayed such beauty, fashion importance, and wide variety as in this year's showings at fine jewelers, everywhere.

Precious gold has new finishes, shapes and ornamentation. It is braided, linked and shaped in beautiful designs. It is often dusted with precious

jewels — a most dazzling array of pins, necklaces, earrings and bracelets.

Whether in 14- or 18-karat, or simply and elegantly gold-filled, the glow of gold jewelry "goes with everything" and every gift budget.

IN COMBINATION with pearls or beads, whether necklace, bracelet, pin, or earrings, gold jewelry takes on added drama and even broader fashion importance.

Pins set in colorful stones and designed in dimensional shapes are placed to dramatize a fashion point . . . on cape-like lapels, waistlines, far out on the shoulder, or . . . in the hair.

Massed bracelets in gold, pearl and colorful combinations fill in shortened sleeves. Earrings are equally dramatic in long glittering drops, show-ers of gold and pearl of crystal and stone. Hoop earrings in

gold and stone-set styles.

NECKLACES are unusual combinations of bold beads strung in longer lengths with a dropping tassel, or jeweled collars, worn without any fear of over dressing.

The season is right for exciting new jewelry fashions that give every woman a chance to give in to her enjoyment of color, drama, and fun.

Trustees at El Camino Okay Teachers' Union

Members of the El Camino College Board of Trustees this week granted equal rights and privileges to all faculty organizations, including a chapter of the American Federation of Teachers.

In its Monday meeting the board unanimously decided to grant the AFT the right to use school rooms and mailboxes and to deduct organization dues from payroll checks.

Such privileges had been restricted to the El Camino

Faculty Assn. and the California Teachers Assn.

THE BOARD'S action came in response to a request by Will Scoggins, president of AFT local 1388 (affiliated with the AFL-CIO). Scoggins pointed out that Assembly Bill 2375, passed by the state legislature last June, calls for equal access to school facilities for all employee groups.

El Camino College President Stuart E. Marsee recommended that the board implement this statute on the local campus.

SCOGGINS thanked the board for its action and predicted that the union would expand its membership at the college.

"While I have great respect for the integrity of the CTA, it is only through the teachers' union that we can work effectively for the improvement of academic standards for our profession and for the students alike," he said.

"We will continue to support more rigid credential requirements, mutually negotiated salary schedules, and the preservation of the spirit of free discussion," he added.

Friday Last Day to Get ECC Cards

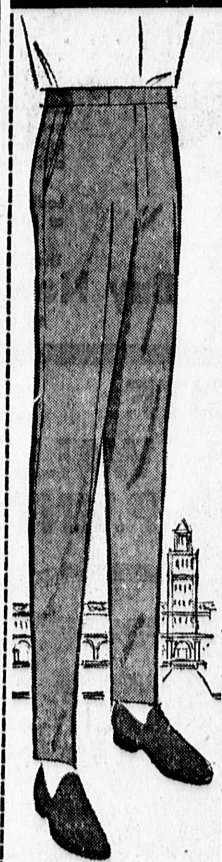

Reservation cards for the registration of part-time students planning to enroll at El Camino College for the spring semester will be available through Friday in the college Registration Office.

The office will be open Monday through Thursday from 8 a.m. to 9 p.m. and from 8 a.m. to 4:30 p.m. on Friday, Leo M. Christian, assistant director of student personnel, said.

While securing reservation cards for registration, prospective students may also make appointments for necessary placement tests, Christian noted.

Actual registration for part-time students with priority registration cards will occur on Jan. 2, 3 and 4.
