my uncle

My uncle lives in our house and lies on the couch most of the time. He is not sick, he is just tired. He eats a lot. My daddy says my uncle eats so much you'd think he was working. My uncle says he is going to get a job as soon as he finds the right thing. He reads the newspaper every day to look for he right thing. He reads the news, the features, the sports, the ads and the comics, but he skips over the help wanted part. His favorite paper is the Torrance Herald because there's so much more in it to read. My daddy says that's the only thing my uncle is right about." And no wonder, for the Herald is out front by far in circulation (it provides the only audited home delivery solid coverage of the Greater Torrance area.) You can count on more from the Herald because more goes into the Herald!
