Weary of Misleading TV Auto Commercials?

Fairy tales originally were composed by kindly old gen-tlemen for the amusement and amazement of very small tots. Harmless, make-believe stories told to pass the time of day, instill wonderment in a child's mind, or lull a small one to

But this monder age has seen many changes, and nowa-days you are subjected to a days you are subjected to a completely new and different ype of Fairy Tale. You may see them late each night . . . every Saturday and Sunday . . . almost constantly on Television. Automobile commercials. Make-believe, gimmick-ridden stories designed to lull adults to sleen.

I like the one wherein the

I like the one wherein the smiling announcer offers a brand new \$5000.00 automobile for 99 Cents down and only \$39.00 per month for 20 years. It is very funny.

Another popular TV Fairy Tale is the one wherein a magnanimous dealer offers you a "like new, low milage, near perfect, guaranteed used car that normally retails for \$1499.00... this weekend only reduced to \$599.00." Engine, tires, steering wheel, seats are tires, steering wheel, seats are

I have had nearly 20 years I have had nearly 20 years experience in the automobile business. First as a Sales Representative, then as a General Sales Manager, and now as a Ford Dealer here in Torrance. I feel that I have gained some knowledge of the trade, however, there are obviously a few mystical secrets that have pluded me. For example, I have not discovered how to sell brand new, fully guaranteed

have not discovered how to sell brand new, fully guaranteed merchandise at the below factory costs prices advertised by some "TV Volume" dealers and remain in business. Surely you accept the fact that your day to day job must pay you sufficient money to cover your family operating expenses, or you will go bankrupt. Likewise, common sense tells es, or you will go ballitud. Likewise, common sense tells you that a businessman must make at least a small profit on the merchandise he sells, or he will go bankrupt. Yet, there are auto dealers spending a fortune on Television each month trying to convince you they are easer to sell cars. you they are eager to sell cars at a loss. Do you believe these

Here are the Facts ! ! Here are the Facts!!

1. No automobile dealer receives any preferential treatment from the Ford Motor Company. There is no special dealer discount based on the total number of cars delivered per month or year. All Ford Dealers pay the same factory price for comparable models. A so-called "Volume" Dealer can not buy from the factory for less.

2. A TV advertising house de-fintely has a higher operating cost, and therefore must have

cost, and therefore must have a higher markup per car, must make more profit per unit to cover the high TV expense. Prove it to yourself. Shop a TV House, then check our low price before you buy.

3. Many TV houses employ confusing high pressure sales tactics. The reason is obvious. They do not wish to deliver the advertised specials. There are actually some "TV Volume" Dealers that fine or penalize a salesman for selling a "TV Advertised Special."

4. A TV Volume house is geared for fast, one-shot sales

geared for fast, one-shot sales one-time customers. Since building repeat business is not the primary motive, no partic-ular effort is extended to guarantee satisfaction after purchase. Oftentimes service fa cities are completely inade-

ple customer demands.

Any automobile dealer with sufficient funds can purchase advertising time on Television.

Any automobile dealer with normal lung capacity can thout ridiculous claims. Any automobile dealer with strong

arms cen pound fenders. This is all meaningless.
It the deal that counts!

Bantams Meet In Long Beach Tilt Wednesday

Bantamweights Mannie Elias and Ray Salazar will headline the opening card at Municipal Auditorium here Jan. 17, it has been announced by pro-moter Don Taylor.

Salazar of Santa Ana, Calif., and Elias of Phoenix, Arizona, will be facing one another for the third time in the past year. Both scraps ended in disputed decisions and both were held in Elias' home town.

Salazar nodded Elias, now ranked No. 10 by the NBA, in the first meeting, with Elias reversing the decision in their second outing.

The fight is attracting considerable attention in the local and Orange County area where Salazar has a large following.
