

## Cabrillo Savings Tells Of Two Policy Changes

Cabrillo Savings announces two changes in policy that add up to a higher return for savers at the local association in Rolling Hills Plaza.

Annual interest rate has been raised to 4.6 per cent, paid or compounded four times a year, and Cabrillo has also instituted an "instant interest" plan. This means that funds earn interest immediately from date received, even after the 10th of the month.

"This policy will make it more convenient for savers to

add to their accounts at any time of the month, without losing a single day's interest," Manager Fred Strohmenger points out.

President Pietro Di Carlo announced that Cabrillo Savings' assets at the end of its first half-year totaled \$2,540,769.

"This healthy growth is proof of the valuable service a locally owned, independent savings and loan association can offer to the people of this community," Di Carlo commented.
