Grandview Home Sales Hiked 300 Per Cent Above Year Ago

Grandview Palos Verdes has averaged two homes sold a day since the New Year, a pace 300 per cent in advance of last January, it was reported by William C. Kulow, director of sales. A strong pickup in midweek visitors and sales was also noted. The accelerated sales pace was attributed by Kulow to two factors: a generally improved situation in the Southland, and the introduction by Grandview of The Estates, a section priced from \$25,550, with monthly payments from \$146.
