**New Torrance Banker
In Active Civic Role**

A banker who will soon move his residence to the Torrance area is D. P. "Dode" Loomis, prominent San Fernando Valley figure who, for more than 20 years, has made a gratifying hobby out of civic activities.

Loomis, who has been elected president of Guaranty Bank, a new independent bank which will open in Torrance in mid-March, is a former mayor of the city of San Fernando. A practicing public accountant in that city, he was elected to the city council in 1948. He became mayor in 1952 and in 1953 sold his accounting practice to become a director and executive officer of San Fernando Valley Bank which he helped to organize.

A NATIVE of Nebraska, Loomis was educated in that state and began his banking career there. In 1938 he moved to California and joined a chain banking organization. After five years, during which

RETIRING FROM the city council in 1956, he became chairman of the off-street parking committee of the city of San Fernando and helped to complete the parking program started when he was mayor.

In 1952 the Chamber of Commerce honored Loomis with the Distinguished Community Service Award in recognition of his civic activities. In addition to holding public offices, he has been president of the San Fernando Lions Club, a director of the San Fernando Valley Council, Boy Scouts of America, and was for three years chairman of the Mission District, BSA.

HE SERVED as a director and treasurer of the San Fernando Chamber of Commerce, and is the immediate past-president of that organization. He also served as president

time he rose from teller to lending officer, he left to start his own practice as a public accountant and financial advisor to small and medium sized businesses. He twice served St. Simon's Episcopal Church as a member of the Bishop's Committee.

From 1959 to 1961 Loomis was a director of the Independent Bankers Association of Southern California, and a member of the advertising committee of the California Bankers Assn.

Solid comfort is sacred and should not be profaned by needless motion. A phone by your side in the living room is a beautiful way to remain horizontal while making or taking calls. And did you know that a second phone in the home costs far less than the first?
