**Torrance Avenues To Be Resurfaced**  
Raymond Avenue from 204th Street to 208th Street, and Berendo Avenue from 208th Street to Milton Street have been scheduled by the Los Angeles County Road Department for resurfacing.

The work was set to begin this week. These portions of Raymond Avenue and Berendo Avenue will be resurfaced with asphaltic concrete to provide a smoother, more durable riding surface as well as a decrease in maintenance costs.

## Sound Master Plan Needed, Miller Says

"A bad plan could be worse than no plan at all," City Council Candidate Ken Miller said this week.

"The people of Torrance want a master plan for the orderly growth of this city, and I wholeheartedly agree. I disagree with some of the 'seven-day experts' heard recently who want a master plan—good or bad—simply for the sake of having one," Miller declared.

"My experience as a member of the Torrance Planning Commission has shown me that patchwork proposal, ineptly drawn and not carefully thought out would hurt, not help, the people of this community," he said.

MILLER SAID, "As a member of the City Council, I would propose and push for a survey of Torrance by recognized experts or a firm with background in planning." On the other hand, he said he would oppose a headlong rush into any incomplete, poorly drawn, so-called master plan.

"In order for any such plan to be of value to us today and in the future, it must be the result of a study of all available data, an understanding of the objectives of the people of this city, and a broad background in municipal planning."

"THE PERSONS who formulate the original proposal must be objective and unfettered by local bias. This should be modified by the City Council after public hearings so that it will fit the City of Torrance as near perfectly as possible," Miller said.

"A master plan that can't stand the test of time is not a good one, and will not serve our needs. To adopt a poor plan, one which is rigid, inflexible and not in step with the goals of the citizens of this city would be ridiculous," Miller declared.

He said there are many firms which have background in municipal planning and might be retained as counsel by the city. These include Victor Gruen and Associates, the Stanford Research Institute, and so forth.

"Balanced planning, a master plan, a balanced community—all of these make fine slogans. But, I have worked with planning and know by experience that Torrance needs more than a slogan. It's a recipe like a recipe for a new dish for the family. Even if it has an exotic name, it is not going to make them happy if the proper ingredients aren't put in," Miller concluded.

Raymond N. Lanham, airman, USN, son of Mr. and Mrs. Raymond N. Lanham of 16821 Delia, was graduated Feb. 23 from the Avionics Fundamentals School at the Naval Air Technical Training Center, Memphis, Tenn.

**THIS CHURCH**  
Let this church be your center for worshipping with others.
