His Success Is "In The Bag"

Meet JIM*
 *Junior Independent Merchant

Many of the successful business and professional men in our community were newspaperboys a generation ago. There's no better proof that newspaper route experience develops the qualities needed for adult leadership. Each day as your Junior Independent Merchant delivers his route, he is practicing all the principles of free enterprise. He runs his own business . . . he buys at wholesale, sells at retail and regularly banks part of his profits. Your newspaperboy is learning while earning. It is only when a boy earns a dollar by his own efforts that he fully learns the value of money. Yes, the future success of your newspaperboy is "in the bag". He's following in the footsteps of many successful men who had their first business experience on a newspaper route.

Torrance Herald

Your Newspaperboy will appreciate it if you will have your money ready for him when he makes his regular collections. That will save him time and help him maintain his profits.

Busy Boys Are Better Boys
 If you think your son or some other youngster might profit by similar Newspaperboy experience, why not suggest that he come in and talk to us.
