New administrative appointments and transfers of 19 educators were announced this week by the Personnel Division of the Torrance Unified School District.

Sixteen of the persons involved are teachers and administrators in the district, a move that is in keeping with policy of upgrading qualified persons already in Torrance schools.

Dr. J. H. Hull, Superintendent of Schools, explained that previously the district has made it a practice to select qualified teachers and give them administrative jobs, as well as to interview outside persons.

Street Plans Win Approval

Plans and specifications for street construction in Tract 27026 in the Torrance area have been approved by the Board of Supervisors.

Supervisor Burton W. Chace said the plans provide for excavation, grading, construction of pavement, curbs, gutter and sidewalks in a new tract containing 28 home sites.

The subdivider is constructing streets at an approximate cost of \$20,800, under plans approved by the Road Department.
