

New Phone Directories To Be Distributed Here

Distribution of the 1962 Southern Section telephone directory begins next week, according to R. S. Pyle, Pacific Telephone manager.

Information pages of the new book will feature a complete list of all-numeral prefixes in the Los Angeles extended area, designating in which area is located.

He said a map in the directory contains all letter and numeral prefixes for each calling area.

Space is provided for each telephone user to write in the numbers for police, fire, ambulance, sheriff, highway patrol and the family doctor.

"SUBSCRIBERS also are advised to dial 'operator,' instead of '116' in emergencies," Pyle added.

IMPORTANT REMINDER . . . To telephone subscribers receiving the new Southern Section directory next week is pointed out by Pacific Telephone's Susie Nystrom. "Pinned" to the front of the book is a note advising residents to read changes in dialing instructions on the inside cover.

New Library Head Named

James Buckley of 177 E. Dominguez St., has been appointed librarian of the Carson Public Library at 22102 S. Main St.

The new Carson librarian joined the staff of the county library system in March of 1961, shortly after receiving his master's degree in library science from the University of Southern California.

He is a 1959 graduate of Long Beach State College where he received a bachelor's degree in English Literature. His pre-college schooling was

obtained at Phineas Banning High School and at Los Angeles Harbor College.

THE NEW Carson librarian is an active member of the American Library Assn., Librarians Associated, which is a newly formed professional organization of Southland librarians and of the USC Alumni Assn.

Though his interests cover all phases of librarianship, librarian Buckley admits his particular pet is work with youth groups. In line with that he is planning early organization at the Carson Library of a chapter of the Book Fare Club, an activity of the County Library that aims to stimulate and cultivate literary critical qualities in junior high and high school students. He is also planning year-round story hours, to start soon, for pre-school and grade school children.
