

ROSWELL, N. M .-- I did two things here in Roswell that I swore I would never do again: One was to personally address the PTA, the other was to grant an interview to a school newspaper.

Both were highly successful. Here the PTA includes parents, teachers and students, and I had their attention immediately because I quite honestly said to the parents in the audience: "Resign from the PTA and go home and mind your own **b**usiness

To the teachers I said: "There should be no women teachers," and to the students: "Girls should not be sent to college." I received a great round of applause.

I admonished the girls particularly about early marriages. No girl should be married until she reaches 25, because teenage marriages are responsible for the high divorce rate in this country.

The first way to stop teen-age marriages is not to permit any steady dating. Young girls who get involved with only one boy

I was delighted with the re-

while in high school never really get to know what fun it is to be young. They should be free to meet other boys. For any girl going steady so early never gets to know how to gauge degrees of various male intelligence or ambition.

I was not very popular when I said that all teen-age girls should be home from a date at 10 o'clock and that dotes should be limited to one night a week.

The parents who don't put their feet down about this right now, I said, could only look forward to an old age with a brood of mismanaged grandchildren on their hands when they should be enjoying life.

Nor did I endear myself with the home economics teacher when I said most of those courses were unnecessary. Girls should be taught cooking at home.

sponse when I said, "Don't send your girls to college." My reasoning, of course, is so acceptable I'm sure the enrollment of women in colleges across the country will drop considerably, leaving more openings for intelligent young men who, unmarried and in uncrowded schools, are going to go on to greater heights. I closed my session with an-

swering a question: Should girls join clubs while in school?

I said, positively no. I per-sonally cannot think of one single thing clubs or organizations at school offer her that she can't get at home from intelligent parents. Besides, organizations are bad influences.

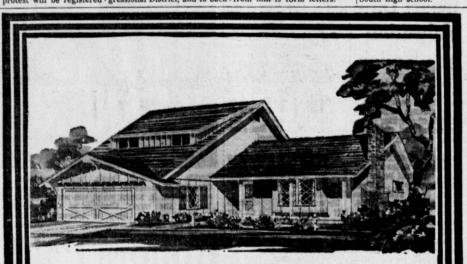

They start young American women off with entirely wrong ideas, encouraging the sorority and club movement bug later, which leads them to wasting their time instead of using those valuable hours at home. Without this bug they can be better homemakers instead of the typical American home maker.

All on all it was a most successful afternoon here in Roswell.

Lomita Group To Support Ted Bruinsma

Annexation of a 10-acre plot of ground to the city as initi-ated by the City Council last of the Lomita association. In adition to approving a Registered Voters Assn., it was decided at a meeting of the group this week. A protest will be registered

"After a short meeting in taxting at 7:30 the auditorium starting at 7:30 p.m. parents will attend a six period day, each period to be 12 minutes in length," satd Dr. Carl A. Ahee, principal of the high school.

high school. Parents visiting their stu-dent's classrooms will have an opportunity to learn the course content, the materials studied, grading systems, and the teachers. Classes will be followed by

refreshments served in the afeteria.

Prenatal Care Classes Set For Torrance

Classes on prenatal care, childbirth and infant care for childbirth and infant care for mothers-to-be will be given by the Los Angeles County Health Department at its Torrance Health Center, 2300 W. Carson St., starting Thursday at 1 p.m., announced Dr. E. W. Ken-drick, district health officer. The series noise socies will be

The seven class series will be the only one given by the De-partment this fall, said the doc-

tor. Motion picture films on child-birth, prenatal care and infant care will be shown. Demontra-tions on formula making, lay-ettes and bathing of the infant will also be featured, stated Roberta Ellis, public health nurse-instructor. The expectant parents' class-es of the County Health De-partment are part of the edu-cational services of the Depart-ment. They are conducted free

cational services of the Depart-ment. They are conducted free of charge for patients of pri-vate physicians. In no way do they take the place of early and adequate medical care. For additional information, call the County Health Depart-ment at FA 8-3310, extension 21.

YWCA Sets Square Dance Instruction

A new beginners square dance class is offered every Friday evening from 8 to 11 at the Torrance YWCA, 2320 W. Carson Blvd. The class will start with basic dance moves and pro-gress to the intermediate square dancing level.

Teenage or adult couples are invited to attend the YWCA on Friday at 8 p.m. Classes will be open for new members Oct. 5 and Oct. 12. Admission is \$1.50

Max Hartwell, popular South-ern California caller, is class instructor. Co-sponsors are the Activ-8-ers Square Dance Club and the Torrance YWCA.
