

## doctor

**DOCTORS** wear glasses and carry black bags. They make people stop hurting and take their temperature. They come to see you in the middle of the night.

They say mmmmmm and make funny faces. When doctors aren't working they take a day off and play golf or go fishing or read the newspaper,

because that's how they relax. In Torrance more doctors read the Herald than any other newspaper because they get more pleasure out of it. More lawyers, electricians and schoolteachers do, too. And no wonder, for the Herald is out front by far in circulation (it provides the only audited home delivery solid coverage of the Greater Torrance area.) You can count on more from the Herald because more goes into the Herald!
