

Better Health Care for YOU VOTE YES on Prop. 22

In the interest of better health care for you, the State Legislature has approved laws which merge the professional activities of Doctors of Medicine and physicians and surgeons DO. To make the union more effective, a single state examining board should be responsible for guiding all doctors. For this reason Proposition 22 appears on the November ballot.

Rose Seeks Changes in Vote Count

In a campaign lasting more than 10 months, and covering more than 30,000 miles, Don Rose, the Democratic nominee for Secretary of State, has carried his state-wide campaign into hundreds of California communities in an effort to wrest the lone state constitutional office now held by a Republican from the incumbent.

Rose has charged that the present Secretary of State, the chief election officer of California, has permitted our election procedures to become so outdated and inefficient that California's long slow vote counts are notorious throughout the nation.

"After this year's June 5th election it took 49 days—15 days past the statutory limit set in the Elections Code—to report the vote, the longest, slowest count in California history," Rose maintained.

Rose has repeatedly commended the work of local polling place officials "who work diligently under incredibly difficult conditions to count and report our vote."

TEAC Slates Election for Next Monday

Election of new officers will be a feature of the Torrance Educational Advisory Committee meeting scheduled for noon next Monday at the Torrance Masonic Lodge, 2326 Cabrillo Ave.

Other items scheduled for the group at its November meeting include the regular construction report; a trumpet trio from Arlington Elementary School; a piano and cello duet from South High School; and a report on Torrance programs for academically talented students.

Reservations for the meeting may be phoned to the school district offices.
