All Sizes **Fresh Tom Turkeys**

It is impossible for us to emphasize too strongly the importance of the term "fresh" when buying your Thanksgiving turkey. The turkeys at Manor's are not only the finest obtainable anywhere when it comes to full, broad breasted development and "finish" but every one of them has been processed in our own plant to the "nth" degree of oven-ready perfection and are guaranteed "fresh" dressed for maximum flavor, tenderness & juiciness in every delicious morsel. The difference between our "fresh" dressed turkeys & the frozen birds offered elsewhere is beyond literal description. But once you've learned the difference (with your own taste buds furnishing the evidence) you'll never be satisfied with anything but a "fresh" dressed turkey from Manor's for your holiday feast.
