This one is for people

who don't like this one

and aren't ready for this one.

Let's start at the bottom. A lot of people aren't ready for the P1800 simply because they don't know what it is. Road & Track magazine describes it best: "The P1800 is a very civilized touring car for people who want to travel rapidly in style, a Gran Turismo car of the type much in the news these days—but at a price that many people who cannot afford a Ferrari or Aston Martin will be able to pay." You pay over \$10,000 for a Ferrari or Aston Martin. You pay \$3995 for a Volvo P1800. Now are you ready?

About the Volvo in the middle. You're right. It looks like a '48 Ford. We've spent 22 years perfecting the 644 and we're not about to tamper with it for the sake of style. Its owners like it the way it is. Here's why: The 644 out-accelerates every other popular-priced compact in every speed range, gets over 25 miles to the gallon like the little economy cars, is virtually indestructible and proves it at trade-in time. The Volvo on top is the 1225 compact. It does everything the 644 does. It's prettier, more refined and costs a little more. But that's the only difference. The main thing is, there's a Volvo for everybody who wants a tough, fast, economical car. Volvo prices start at \$2295* complete. All the accessories (there you priced accessories lately?) come as standard equipment. Even the white-walls. *MSRP'S SUG. REPAIR PRICE EAST COAST POP. GULF AND WEST COAST HIGHER
