THINGS TO COME—A new type of windshield wiper blade has an "airfoil" shape that prevents it from being lifted momentarily off the windshield surface by wind gusts; it's available in lengths of 15, 16 and 18 inches. . . . Motel and hotel operators can catch skullduggery-minded guests trying to walk off with radios or TV sets by an inconspicuous device that's plugged in with the plug and registers an alarm at the front desk when there's

tampering. . . . A Minnesota firm is testing a medication to fight acne; the preparation is formulated from natural clay, is odorless and non-allergenic, and can also be used as a regular cosmetic base.

CYCLE SPURT—Motorcycle sales are racing ahead in the U. Marineland Restaurant was opened in January 1955, four months following the opening of the adjacent oceanarium, Marineland - of - the - Pacific. Since then it has been patronized by people from all over the world, including presidents, kings and other foreign heads of state.

WITH THE beginning of its 9th year, Foster announces that an imposing entertainment program will be present-

ed in the "Porpoise Room" during 1963, extending the big name policy he inaugurated six years ago. Musical attractions will include new groups as well as established "Porpoise Room" favorites of past seasons.

The culinary attractions play no lesser role than those of the musical category. Marineland Restaurant's kitchen is ruled by Dutch Holland and his department lives up to the intriguing menu, which not
