Cutting of the "world's largest ribbon" by community dignitaries and Bank of America officials tonight at the 6:45 dedication ceremonies of the bank's new Lomita-South Torrance branch building will preview open house scheduled from 7 to 9 p.m.

Welding scissors at the program will be Branch Manager Vincent A. Bauchiero; Councilman Victor E. Benstead; and Ethan R. Haslage, secretary-manager of the Lomita Chamber of Commerce.

Representing the bank's senior management will be Ralph E. Windsor, vice president

from Los Angeles headquarters, and representing beauty will be Bobbet King, Miss Torrance.

FOLLOWING THE ceremony visitors will be invited to step over the threshold of the new building into the space age world of banking. They will see all of the facilities that are making banking a pleasant experience rather than a chore in the modern era during the 7 to 9 p.m. open house.

They will walk through the branch's massive vault, which has a 3½ ton door and foot-thick walls, and will also survey its glass topped windowless teller counters as well as its staff and conference rooms.

Among its other facilities is a night depository for the convenience of customers who cannot visit the branch during regular banking hours.

ALSO ON THE agenda will be music, refreshments, and free souvenirs for all, and the coin collection of Cyrus H. Phillips, internationally known numismatist, which tells the story of American money from earliest colonial times to the present.

Visitors seeking a challenge and a chance to win some extra money will be intrigued by the Space Satellite Contest, which offers savings account prizes ranging from \$50 to \$15 to winners.

Anyone, regardless of age, may enter by submitting their guess of the number of "grains of stardust" in a model satellite on display in the branch lobby.

Those coming closest to the figure will be winners of the contest, which will continue through Feb. 22.

"WE ARE VERY proud of our new quarters and feel very

Interior Decor To Be Discussed

A series of lectures on interior decorating has been scheduled this month by Rolling Hills Interiors, Rolling Hills Plaza.

Frank D. MacArthur, who has taught decorating in Southwest area schools for a number of years and who wrote for newspapers on the subject, will conduct the course.

The series will include discussions on room arrangement, color planning, pictures, accessories, wallpaper, and problems of the individual decorator.

Information on the schedule of classes may be obtained at the store in the Rolling Hills Plaza, Crenshaw and Pacific Coast Highway.

HOMEOWNERS Emporium
