a flameless plug-in dryer can do this much work in 150 minutes

a gas dryer can do this much work in 150 minutes

Now really—why tolerate a slow, 120-volt, plug-in dryer when Gas can do the job up to 4 times faster—at about 1/4 the cost per load? A Gas dryer is so fast that while a plug-in dryer does one load of wash, a Gas dryer can do four! You stay ahead of your washing machine with laundry that's dried fast, fresh, and fluffy. And thanks to lifetime Gas burners, repairs on Gas dryers are very few and far between. Now really—don't you agree that a fast Gas dryer is a very smart buy? • Gas dryers are first in sales in Southern California • first in homes—sales figures show more homes here buy Gas dryers. • first in self-service laundries—almost 100% use Gas dryers exclusively. • first in commercial laundries—almost 100% use Gas dryers exclusively. • See the new automatic Gas dryers at your dealers or in your Gas Company showrooms. Select from these famous makes: RCA Whirlpool, Norge, Philco, Maytag, Frigidaire, Kelvinator, Hamilton, Easy, Speed Queen, Blackstone, Signature, Duracrest. BUY NOW DURING GAS DRYER DAYS.
