

# Absentee Ballots Explained

Absentee voters wishing to vote in the April 16 school bond election must obtain ballots before Tuesday, April 9. Application forms to obtain the ballots may be obtained between the dates of March 18 and April 9, at the Administrative Office of the Torrance Unified School District, 2335 Plaza Del Amo. The forms should then be completed and sent to the County Registrar of Voters, 808 N. Spring St., Los Angeles. Ballots received from the county registrar must be marked and returned to the county no later than April 12. In this election, the voters are being asked to approve the sale of bonds to provide money to build enough elementary and high school classrooms to house an expected 6,000 new students during the next several years. Present bond funds authorized in 1958 will be exhausted this year. In order to continue the building program and meet the ever-growing population, the school district must be authorized more money.

Absentee voters include those registered voters who will be out of town on election day or those physically unable to go to the polls.

# Keep His Faults To Yourself

Women are constantly asking, "Where can I find a man?" They never seem worried about how they're going to snag him once they do the locating. This male gold panning is the No. 1 thought of all unmarried women. Once you find him, then why don't you treat him with the same reverence, delight and appreciation you would lavish on a diamond. I remember one woman paying \$150,000 for a rather large imperfect diamond. "Were it perfect," the jeweler told me, "it would cost in the neighborhood of half a million." Do you think she treats it with any less reverence, enjoys it less, hides it away, complains? Mais non! No

By Count Marco

Having a man is priceless in itself. Show him off to the best advantage. Flash him around with pride. Never in any way disparage, disagree or embarrass him before others. Never let anyone think you have anything but the finest man in captivity. Think positive and that's what you'll get—positively the best. Besides, what are a few faults anyway? They keep marriage from being dull. If you're absolutely perfect yourself, then I say you have a right to own a perfect man. But there is no such thing as a perfect woman.

When a man happily says his wife is perfect, I know that his wife is what he has is a smart wife who lets him think she's perfect because she never points out his faults. (Distributed by Chronicle Features.)

# State Aid

(Continued from Page 1)  
schools will skyrocket from 3,800,000 to 6,000,000 pupils by 1973. Next year the cost of operating the public schools from kindergarten through the junior colleges will be \$2,291,000,000. By 1972 it will increase to \$4,551,000,000 and possibly go as high as \$5,442,000,000. During this same time, California's population will go from 16.4 million to 24 million, or nearly 11 per cent of the expected population of the United States.  
The study shows, however, that California can well afford to support good schools. Personal income in California will go up from 45.6 billion to 106 billion dollars by 1973. During the same period the assessed valuation of the state will rise from 29.6 billion to 69.1 billion.
