

Shell Co. Manager Heads United Way

G. S. Williamson, manager of the Shell Chemical Co. Torrance facility, has been named chairman of the Harbor District United Way campaign. The new chairman will head up the United Way appeal in this area during the fall. Williamson will help direct the campaign and recruit a

virtual army of volunteers for the charity's first appeal in this area.

"THIS IS a terrific challenge," said Williamson. "It's a new approach to fund raising and an historical moment in good community organization."

A native of Vancouver, British Columbia Williamson was vice chairman for the successful Community Chest campaign last fall. He is a graduate of the University of British Colum-

bia, where he earned his degree in chemical engineering.

WILLIAMSON came to Torrance in 1955 after several years at the Vancouver Shell plant. He and his wife are the

parents of two sons. The family resides at 1024 Granvia Altamira, Palos Verdes Estates. Persons wishing to volunteer for the first United Way campaign have been asked to call TE 3-5227.
