United Artists Planning Theater Opening Oct. 9th

Opening of the new United Artists Theatre at the Airport Plaza Shopping Center, Crenshaw and Pacific Coast Hwy., has been scheduled for Wednesday, Oct. 9, it was announced this week.

Final stages of the construction and decoration are well under way and will be completed well in advance of the opening, according to executives of United Artists Theater circuit.

Zone manager Roy Evans and Western division manager Frederick F. Kunkel have expressed pleasure at the construction progress.

"This United Artist Theatre in Torrance is the first new building venture of our company on the West Coast in recent years," Kunkel said. He said most of the recent expansion and building programs of the firm had been in the East.

"The Torrance theater is the

first of several already planned for the West Coast," he said.

Evans, who supervised construction of the new theater, said Torrance was selected for the initial western building project "because of the amazing growth and economic progress of this thriving community." The whole area is obviously destined to become "one of California's most important areas," he said.

The new theater will have 600 fully upholstered seats on

one floor. Ample leg room is provided and the 38-inch space between each row will permit easy access and exit to seats.

A thermostatically controlled air conditioning system is being installed to assure audiences of clean, filtered air at temperatures ideal for all conditions, the theater executive said.

Details of opening day plans and the initial screen attraction are nearly completed and will be announced soon, it was reported.

Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles." It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

In one hemorrhoid case after another "very striking improve-

ment" was reported and verified by a doctor's observations. This improvement was maintained in cases where a doctor's observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration.

The secret is this new healing substance (Bio-Dyne®) — discovery of a world-famous research institution. This substance is now obtainable in ointment or suppository form known as Preparation 124. Ask for Preparation H Suppositories (convenient to carry if away from home) or Preparation H Ointment with special applicator. Available at all drug counters.

ECC Men To Select Grid Queen

Men students at El Camino College will soon elect the Grid Queen and court to reign during the ECC vs. Cerritos football game Oct. 5 at Mardock Stadium.

Official campaigning of contestants will begin Sept. 24 and the official Grid Queen candidate presentation will be held at an 11 a.m. rally on the Campus Center steps Oct. 3.

The initial voting will follow the presentation and continue until 2 p.m., with polls opening again from 6:30 until 8 p.m. The final vote will be taken from 9 a.m. to 2 p.m. on Oct. 4.

Coronation of the Grid Queen and her princesses will take place at the Annual Grid Dance Oct. 4 from 9 a.m. to midnight.
