Hello!

We appreciate your interest in The 88c Store. We believe you are seeing here the most streamlined and budget stretching retail operation in the world.

That's quite a statement. But did you notice that only about 10% of our merchandise is marked. Since almost everything is ONE price, WE ELIMINATE PRICE MARKING. Every dollar saved by by-passing this costly operation is passed on to you.

Also, did you by chance see how our cashier rings up sales? She doesn't hunt for price tags to ring up each individual item. SHE COUNTS ITEMS, AND MAKES ONE RING. If you buy five items, for example, she rings one price, \$4.40 plus tax. Three cashiers can handle as many sales as ten in a conventional store. Who profits here? You do! We are dedicated to saving you money.

One word of explanation. Just because we have an item marked, say 4 for 88c, does not mean that you have to buy all four items. If you wish just one you may buy it for 22c. So, any 2 for 88c item costs you 44c, one 6 for 88c item costs you 15c, one 8 for 88c item costs you 11c, etc. You pay no penalty for buying less than the multiple.

Sincerely
Dean L. Miller

P.S. If You Have Never Been In Our 88 Cent Store You Owe It To Yourself To See The Variety And Quality Of Merchandise In Our Stock.
