

WILLIAM C. KULOW  
On Guaranty Board

### Kulow Added To Guaranty Bank Board

William C. Kulow has been elected to the Guaranty Bank board of directors.

The new director is serving as president of the Rolling Hills Board of Realtors. He is also a member of the Los Angeles County Highway Traffic and Safety Committee and past president of the Palos Verdes Rotary Club. Last year he was elected the Palos Verdes Peninsula Citizen of the Year.

Guaranty Bank is a locally owned financial institution and recently opened its new offices adjacent to the Del Amo Shopping Center.

### Wage Report Deadline Set

Employers of agricultural workers must file their wage reports for the third quarter of 1963 and send deductions made from their workers' wages for disability insurance during that period to Sacramento by today, W. P. Nebergall, auditor in charge for the State Department of Employment in Long Beach, has reminded employers.

The law requires that any employer of agricultural labor who pays a total of more than \$100 in wages during a calendar quarter must deduct one per cent from his workers' wages and send the deductions to Sacramento along with his report of total wages paid.

The payment of wages in excess of \$100 in any calendar quarter qualifies the employer for making the deductions on all wages paid in that quarter as well as the remainder of the calendar year and the next calendar year. For 1963 the one per cent deduction is on the first \$4,600 paid to each employee.

### Turkey Next On Teacher's Lecture List

Turkey and Africa are next on the agenda of Julius Sumner Miller, who periodically takes leave of his teaching post at El Camino College to lecture abroad.

His most recent appearance was in Milan, Italy, this month when he addressed an international meeting on "The Teaching of Physics." Miller represents the United States, a member of the international group, Organization for Economic Cooperation and Development Directorate for Scientific Affairs, at these worldwide seminars.

During his sabbatical leave of absence a year ago, Miller addressed specific groups in most countries of eastern Europe. He has also taken the lecture platform in India, Australia and Canada.

Known for his introduction of common articles of demonstration in the presentation of scientific theories, Miller has appeared on two American TV series, "Why is it So?" and "Great Moments in Science." He has appeared also on the Steve Allen and Jerry Lewis TV shows.

### Union Carbide to Remit Dividend

The board of directors of Union Carbide Corp. has declared a quarterly dividend of 90 cents per share on the outstanding capital stock of the corporation, payable Dec. 2, 1963, to stockholders of record Nov. 7, 1963.
