NEW OFFICERS AND GUEST... Albert Charles (second from left), a member of the Board of Education, was the guest speaker at a meeting of the newly-formed local chapter of the California Elementary Schools Administrators Assn. Friday night. Charles, who spoke on "How to Improve Your Public Image," is shown here with Richard K. Welte, president of the group; Don Credell, secretary; and John McGee, treasurer.

... Let's Go By LARRY MACARAY

Last week I met a man. I that surely must become a con-Nothing so spectacular about this — but in this particular case, it was a rare treat for me. crete reality) and his beliefs and attitudes towards his environment.

Sometimes it is difficult to Sometimes it is difficult to see and recognize talent and greatness... especially when it's in your own backyard. My visit to the home and studio of this man sparked my feeling for Man, through the viewing of his work. PROBABLY HIS most im-PROBABLY HIS most im-portant piece... and one that was not quite finished ... is called the Sword of Damo-cles." As you may remember, Damocles was a flatterer whom Dionysius of Syracuse rebuked of his work.

for his constant praises of the happiness of kings by seating him at a royal banquet beneath A friend had suggested some time ago that I should meet Paul H. Salzburg because he felt that he was a sculptor who really had a great deal to say. a sword hung by a single hair. The large figure of a modern really had a great deal to say. As I discovered, much has been written about him, par-ticularly about his early train-ing and experience in Europe. Facts like these are of relative-ly small importance, compared to work and character of such men et least to me scientific man is portrayed as emerging out of the roughness of the earth and finally developing into the push-but-ton" man of the late twentieth century. He is holding the world on his back with the world on mis back with the sword dangling periously over the world ... showing how precarious our situation is in the world today. a man, at least to me.

LARGE AND powerful—Paul Sazburg has to be in order to produce some of the giant pieces such as "Purity." a sym-bolic woman, seven feet tall, done in white cement. The soul of the artist

done in white cement, The soul of the artist emerges as his feeling for human beings clearly shows it-self in this fine figure. This sent in this the lighter. This piece impressed me very much ... reminding me of the same quality Henry Moore, the famous English sculptor, might develop in his figures ... but still remaining uniquely a Salz-burg

FOR MANY years, Salzburg pursued his art with the realism. His early work from this long period of activity cer-tainly showed the development of the superb craftsmanship that he possesses. When he turned away from representa-tional work to abstract con-cepts in his sculpture, it was a difficult transition to make. The many years of searching for an individual way to ex-press himself, with the mark of a truly creative artist, have
