

### Dr. Hull Attending Institute

Dr. J. H. Hull, superintendent of the Torrance Unified School District, will attend a special school administrators conference at Carmel Valley Nov. 10-13.

Dr. Hull and other district superintendents are participating in the social science institute at the invitation of the University of California Extension, Berkeley.

The institute is the third in a series developed to examine social science research findings and their relation to educational policy. It is sponsored by the Department of Education on the Berkeley campus.

The institute will be devoted to a study of decision-making policies and practices. Faculty members include Oliver Williamson, professor of economics, and Harold Dyck, professor of education, both from the Berkeley campus. Also taking part are Joseph Pois, professor of Public Administration at the University of Pittsburgh, and Amital Etzionik, professor of Sociology at Columbia University.

### Trust Funds Adequate Say SS Trustees

"The Status of the Social Security Trust Funds," a booklet published by the trustees of the two Social Security trust funds, is available upon request from the Social Security district office at 1408 Crenshaw Blvd., according to Miles Davis, district manager.

Information in the brochure states income from the schedule of tax contribution rates now in the law is estimated to produce adequate income to pay the benefits now provided in the law to all present and future beneficiaries, and to pay the administrative expenses of the program, without subsidy from the general funds of the treasury.

C. Douglas Dillon, secretary of the treasury, is the managing trustee of the social security trust funds. The other two trustees are W. Willard Wirtz, secretary of labor, and Anthony J. Celebrezze, secretary of health, education and welfare.

The Torrance office also serves Gardena, Harbor City, Hermosa Beach, Lawndale, Lomita, Manhattan Beach, Palos Verdes Estates, Redondo Beach, Rolling Hills, and Rolling Hills Estates.

### Real Estate School Sets Opening Here

Anthony Schools, real estate and insurance schools, opened a Torrance school at 210088 Hawthorne Ave., Monday, Leslie M. Norman, manager of the school, has announced.

The Torrance school is the seventh in the growing real estate and insurance institution. The Anthony Schools were started 19 years ago when an attorney began helping a friend prepare for the state real estate license examination.

Day and evening classes will be held at the Torrance school, with the first lesson free, according to Norman. More than 1,000 students complete the real estate course each month.

Information on class schedules may be obtained by calling 370-4571. During the opening, a free real estate course will be given away. The course will include all books and materials.

Anthony Schools offer their classes on a "Pass or Money Back" basis. Norman explained that less than six of every 1,000 Anthony students fail the examinations.
